Compliance Status Report up to 31st May 2022 of Environmental Clearance for Pradhan Mantri Awas Yojana (PMAY) Housing Scheme at Plot no. 2, Sector- 6, near Bamandongri Railway Station, Ulwe Node, Navi Mumbai, Taluka - Panvel, District-Raigad

SPECIFIC CONDITIONS

SPECI	FIC CONDITIONS
1	PP to submit & upload copy of LOI received for proposed project.
2	PP to submit Undertaking from CIDCO regarding nodal STP of CIDCO is sufficing for additional capacity of the project.
3	PP have provisional NOC, PP to submit the CFO NOC
4	PP to submit the sewerage network, water supply, storm water drain NOC from local planning authority
5	PP to submit clear design & permission of storm water drain approved by SWD department of local body
6	PP to incorporate biodiversity mitigation measures suggested in EIA should be incorporated in planning & implement the same.
7	PP to revise the wind analysis considering the stilt also
8	PP to provide more mitigation measures to reduce the heat island effect
9	Committee noted that, as sewer is directly connected to nodal STP, PP i.e., local planning authority (CIDCO) to recycle that sewerage & use treated wastewater for flushing, gardening etc. minimum to 65%
10	PP to provide mitigation measures to reduce noise pollution
11	The PP to get NOC from competent authority with reference to Thane creek flamingo sanctuary if the project site falls within 10 Km radius from the said sanctuary boundary. The planning authority to ensure fulfilment of this condition before granting CC
12	PP to ensure that CER plan gets approved from Municipal Commissioner.
13	PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF& CC vide F.No.22-34/2018-1A.111 dt.04.0l .2019.
14	SEIAA decided to grant EC for FS1:179422.97 m2, Non- FS1:159728.98 m2 and Total BIJA: 339151.95 m2 (Plan Approval no-LOI no CIDCO/SR.Arch(BP-IHP)2019/354, dated-08.08 2019)

GENERAL CONDITIONS

Point 1:- E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016

Not Applicable

GENERAL CONDITIONS

Point 2:- The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms

As of now construction work in progress

GENERAL CONDITIONS

Point 3:- This environmental clearance is issued subject to obtaining NOC from Forestry & Wildlife angle including clearance from the standing committee of the National Board for Wildlife as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

Not Applicable

GENERAL CONDITIONS

Point 4:- PP has to abide by the conditions stipulated by SEAC& SEIAA.

For Info.

GENERAL CONDITIONS

Point 5:- The height, Construction built up area of proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with survey number before approving layout plan & before according to commencement certificate to proposed work. Plan approving authority should also ensure the zoning permissibility for the proposed project as per the approved development plan of the area.

Architect Hafeez Contractor

Letter No: AHC_CIDCO_PKG-IV_731

Date: 28th Feb, 2023

To Whom It May Concern,

Subject: Proposed Mass Housing Scheme on Plot no 02, Sector 06, at Bamandongri Railway station, Ulwe Node, Navi Mumbai for CIDCO LTD. (UNDER PMAY).

Proposal No. CIDCO /BP-IHP/2019/131

Ref. No. CIDCO / SR.ARCH.(BP-IHP) / 2019 / 354 Date: 08/08/2019

Dear Sir,

Attached below is the details of Proposed Mass Housing Scheme on Plot no 02, Sector 06, at Bamandongri Railway station, Ulwe Node, Navi Mumbai for the Residential and Comm. Buildings. with reference to LOI letter no CIDCO / SR. ARCH.(BP-IHP)/2019/354.

Preamble of the said proposal is as given below:-

1.		Name of the Owner	Superintendent Engineer (HSG II)			
2,		Name of the Developer	CIDCO Ltd.			
3.		Property Details	Plot no 02, Sector 06, Bamandongri Railway station, Ulwe Node, Navi Mumbai			
4.		Area Statement				
	a	Plot area	109265.736 Sq. Mt.			
	b	Permissible F.S.I.	2.5			
	C	Permissible BUA	232189.69 Sq. Mt.			
	е	Earlier approved BUA (F.S.I. Area)				
	f	Now Proposed BUA (F.S.I. Area)	179422.972 Sq. Mt.			
	g	BUA under free of F.S.I.	159728.984 Sq. Mt.			
	h	Total Construction Area	339151.956 Sq.Mt.			

Hafeez Contractor A I I A, G D Arch M S Arch & U D (USA) Ph D (Hon)

Yours faithfully,

Mr.Mayur Sondagar

For Architect Hafeez Contractor (CA/77/04043)

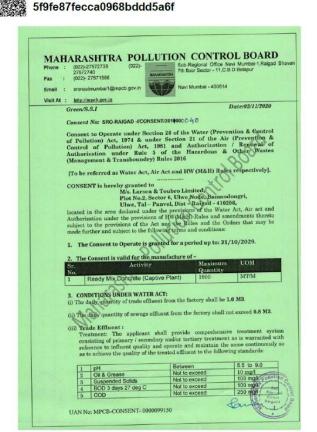

GENERAL CONDITIONS

Point 6:- If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site

Maharashtra Pollution Control Board

Attached Copy

Kindly verify Maharashtra Pollution Control Board's document on Blockchain by scanning the QR code. https://blockchain.ecmpcb.in/docs/5892338b229fbba0a510ddf794727e083011e1d41b8674413c58cbd1b7e818b9

GENERAL CONDITIONS

Point 7:- All required sanitary and hygienic measures should be in place before starting construction activities and to be maintained throughout the construction phase

GENERAL CONDITIONS

Point 8:-Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured

GENERAL CONDITIONS

Point 9:-The solid waste generated should be properly collected and segregated. DIY/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material

GENERAL CONDITIONS

Point 10:- Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority

All excavated soil has been stocked at site premises only.

GENERAL CONDITIONS

Point 11:- Arrangement shall be made that wastewater and storm water do not get mixed

Toilets are isolated in location away from project.

GENERAL CONDITIONS

Point 12:- All the topsoil excavated during construction activities should be stored for use in horticulture/ Landscape development within the project site

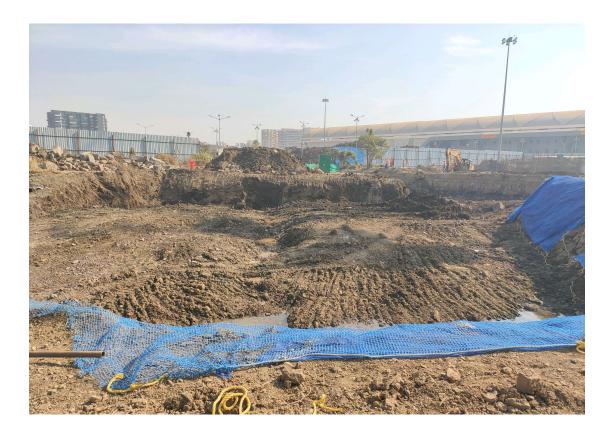

GENERAL CONDITIONS

Point 13:- Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.

Levelled soil photo attached

GENERAL CONDITIONS

Point 14:- Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept

Landscape drawing development in progress

GENERAL CONDITIONS

Point 15:- Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants expenditure should reported to the MPCB & this department.

-End of Test Report-

GENERAL CONDITIONS

Point 16:- Construction spoils, including bituminous material and other hazardous materials must not be allowed to contaminate watercourses and the dumpsites for such material must be secured so that they should not leach into the ground water

Not Applicable

GENERAL CONDITIONS

Point 17:- Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board

Not Applicable

GENERAL CONDITIONS

Point 18:- The diesel generator sets to be used during construction phase should be low Sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards

Not used at site , Power is 100 % on MSEDCL attached Photos

GENERAL CONDITIONS

Point 19:- The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from concern authority shall be taken

Not used at site , Power is 100 % on MSEDCL

GENERAL CONDITIONS

Point 20:- Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.

Attached Report Form 59 [See rules 115 (2)] Pollution Under Control Certificate Authorised By: Government of Odisha Date : 22/11/2021 Time : 10:03:33 AM Validity upto 21/05/2022 Certificate SL. No. OR01400280002450 Registration No. OD040818 Date of Registration 21/Sep/2012 Month & Year of Manufacturing July-2012 *****7090 Emission Norms BHARAT STAGE III DIESEL 1 Code GSTIN 21AOOPJ5898M1Z6 MIL observation Vehicle Photo with Registration plate 60 mm x 30 mm Measured Value Pollutant (as Units (as applicable) Sr. No. places) Carbon Monoxide (CO) percentage (%) **Idling Emissions** Hydrocarbon, (THC/HC) ppm CO percentage (%) High idling 2500 ± 200 Lambda 1 ± 0.03 Light absorption Smoke Density 1/metre This PUC certificate is system generated through the national register of motor vehicles and does not require any signature. Note: 1. Vehicle owners to link their mobile numbers to registered vehicle by logging to Authorised Signature with stamp of PUC operator (Optional for State) 60mm x 20 mm

GENERAL CONDITIONS

Point 21:- Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB

-End of Test Re

GENERAL CONDITIONS

Point 22:- Fly ash should be used as building material in the construction as per the provisions of Fly Ash Notification of September 1999 and amended as on 27th August 2003. (The above condition is applicable only if the project site is located within the 100Km of Thermal Power Stations). XX111. Ready mixed concrete must be used in building construction.

Not Applicable

GENERAL CONDITIONS

Point 23:- Ready mixed concrete must be used in building construction.

GENERAL CONDITIONS

Point 24:- Storm water control and its re-use as per CGWB and BIS standards for various applications

Not Applicable

GENERAL CONDITIONS

Point 25:- Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.

Using Coaltar as curing compound as well as Waterproofing agent. Attached Photos

GENERAL CONDITIONS

Point 26:-The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority

No Water is drawn from ground

GENERAL CONDITIONS

Point 27:- The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Discharge of this unused treated affluent if any should be discharge in the sewer line. Treated effluent emanating from STP shall be recycled/ refused to the maximum extent possible. Discharge of this unused treated affluent if any should be discharge in the sewer line. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP

GENERAL CONDITIONS

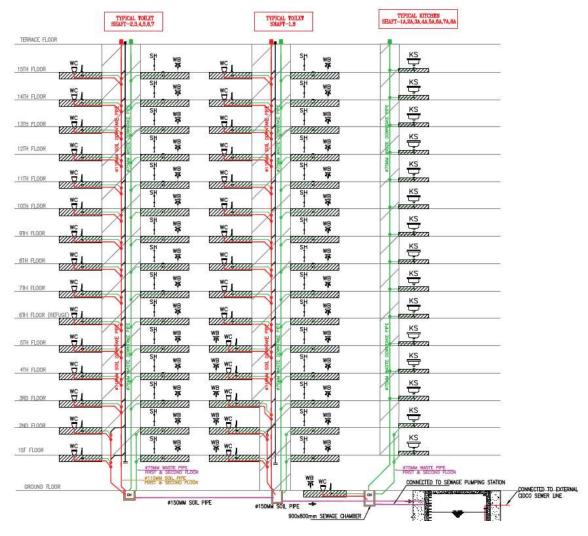

Point 28:- Permissions to draw ground water and construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project

No Water is drawn from ground

GENERAL CONDITIONS

Point 29:- Separation of grey and black water should be done by the use of dual plumbing line for separation of grey and black water

Attached Drawing

GENERAL CONDITIONS

Point 30:- Fixtures for showers, toilet flushing, and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor-based control.

Material Selection in process

GENERAL CONDITIONS

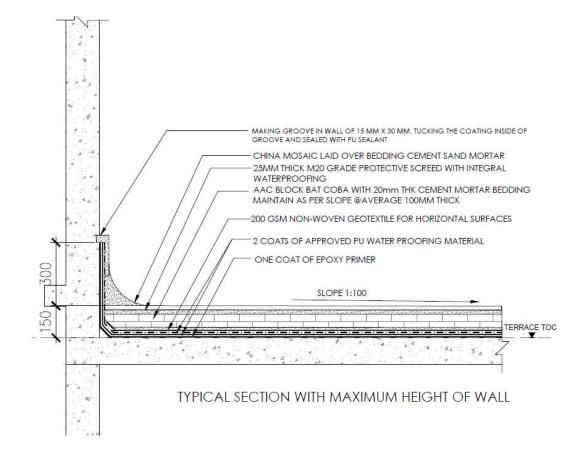

Point 31:- Use of glass may be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, use high quality double glass with special reflective coating in windows.

Will be implemented in the proposed Commercial building once façade is finalized. For Residential buildings not applicable.

GENERAL CONDITIONS

Point 32:- Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material to fulfil requirement.

Attached drawings.

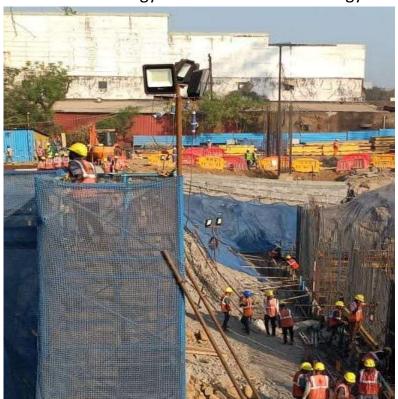

GENERAL CONDITIONS

Point 33:- Energy conservation measures like installation of CFLs /TFLs for the lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLs and TFLs should be properly collected and disposed of /sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible like installing solar streetlights, common solar water heaters system. Project proponent should install, after checking feasibility, solar plus hybrid non-conventional energy source as source of energy.

Attached Photos of LED lights

GENERAL CONDITIONS

Point 34:- Diesel power generating sets proposed as source of backup power for elevators and common area illumination during operation phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low Sulphur diesel. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.

Material Selection in process

GENERAL CONDITIONS

Point 35:- Noise should be controlled to ensure that it does not exceed the prescribed standards. During night-time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.

Attached Report

GENERAL CONDITIONS

Point 36:- Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized, and no public space should be utilized.

Planned accordingly.

GENERAL CONDITIONS

Point 38:- The building should have adequate distance between them to allow movement of fresh air and passage of natural light, air and ventilation

Day light , Wind analysis report uploaded by MOEF Consultant on Portal

GENERAL CONDITIONS

Attached report

Point 39:- Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, to avoid disturbance to the surroundings.

GENERAL CONDITIONS

Point 40:- Under the provisions of Environment (Protection) Act, 1986. legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance

GENERAL CONDITIONS

Point 41:- Six monthly monitoring reports should be submitted to the Regional office MOEF, Bhopal with copy to this department and MPCB.

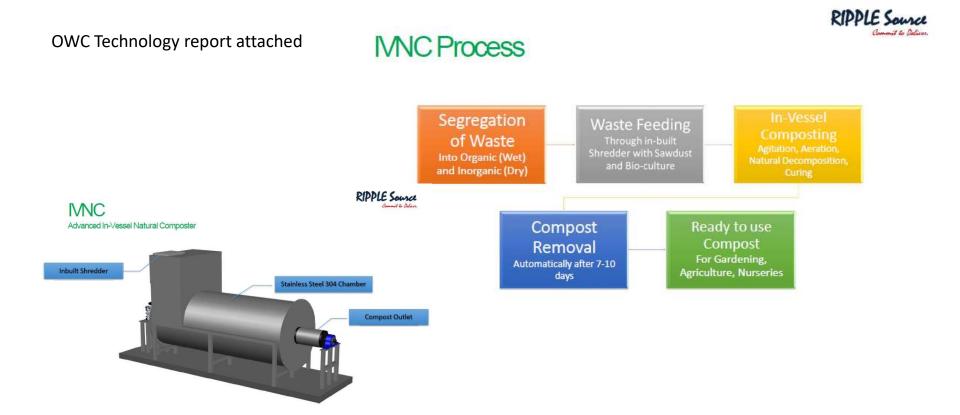

GENERAL CONDITIONS

Point 42:- Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in Para 2. Prior certification from appropriate authority shall be obtained.

GENERAL CONDITIONS

Point 43:- Wet garbage should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And no wet garbage will be disposed outside the premises. Local authority should ensure this.

GENERAL CONDITIONS

Point 44:- Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site etc. with due permission of MPCB

GENERAL CONDITIONS

Point 45:-A complete set of all the documents submitted to Department should be forwarded to the Local authority and MPCB

GENERAL CONDITIONS

Point 46:- In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Department.

Not Applicable

GENERAL CONDITIONS

Point 47:- A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.

GENERAL CONDITIONS

मुख्य अभियंता (न.मुं.आं.वि.) सिडको/जनसंपर्क/०८५/२०२२-२३

GENERAL CONDITIONS

Point 50:- Project management should submit half yearly compliance reports in respect of the stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department, on 1st June & 1st December of each calendar year.

GENERAL CONDITIONS

Point 51:- A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.

Not Applicable

GENERAL CONDITIONS

Point 52:- The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MOEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely, SPM, RSPM. S02, NOX (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

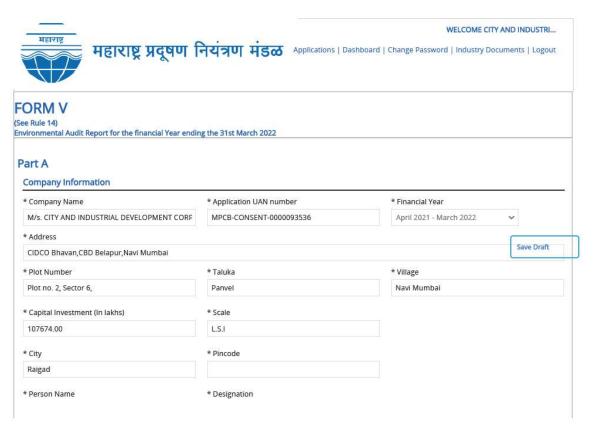

GENERAL CONDITIONS

Point 53:- The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MOEF, the respective Zonal Office of CPCB and the SPCB.

GENERAL CONDITIONS

Point 54:- The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MOEF by e-mail.

GENERAL CONDITIONS

Point 55:- The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

GENERAL CONDITIONS

Point 56:- In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986

For Info

GENERAL CONDITIONS

Point 57:- The Environment department reserves the right to add any stringent condition or to revoke the clearance if conditions stipulated are not implemented to the satisfaction of the department or for that matter, for any other administrative reason

For Info

GENERAL CONDITIONS

Point 58:- Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended time to time.

For Info

GENERAL CONDITIONS

Point 59:- In case of any deviation or alteration in the project proposed from those submitted to this department for clearance, a fresh reference should be made to the department to assess the adequacy of the condition(s) imposed and to incorporate additional environmental protection measures required, if any.

Not Applicable

GENERAL CONDITIONS

Point 60:- The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

For info

GENERAL CONDITIONS

Point 61:- Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, Ist Floor, D - Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
