GENERAL NOTES

- All dimensions are in meters unless otherwise specified.
- Refer to the structural drawings for column and beam locations.
- Use the latest revision of the contract documents.
- Obtain necessary permits from the relevant authorities.
- Ensure compliance with all applicable codes and standards.
- Coordinate with other trades for services and utilities.
- Protect existing structures and utilities during construction.
- Implement proper safety and environmental measures.
- Keep the site clear and accessible at all times.
- Provide adequate drainage and erosion control.
- Use quality materials and workmanship.
- Document all construction activities and materials.
- Conduct regular site inspections and reporting.
- Complete the project within the agreed schedule.
- Handover the completed building to the client.
- Provide as-built drawings and operation manuals.
- Offer post-construction support and maintenance.
