NAINA TOWN PLANNING SCHEME No. 5

Part of Villages Bonshet, Bhokarpada(Chipale), Devad, Moho, Shivkar, Vichumbe and Vihighar of Taluka - Panvel, District - Raigad

PRELIMINARY SCHEME

REPORT

1. Preamble

The Government of Maharashtra, in exercise of powers conferred under clause (b) of sub-section (1) of the Section 40 of the Maharashtra Regional and Town Planning Act, 1966 (hereinafter referred to as "the said Act"), declared City and Industrial Development Corporation of Maharashtra Limited (being a company owned and controlled by the Government of Maharashtra) (hereinafter referred to as "CIDCO") as Special Planning Authority (hereinafter referred to as "the SPA") vide its Notification, No. TPS -1712/475/CR-98/12/UD-12, dated 10/01/2013 for an area notified as Navi Mumbai Airport Influence Notified Area (hereinafter referred to as "NAINA"). The Sub-section (2) of Section 21 of the said Act makes it obligatory on the part of any Planning Authority to prepare and publish a Development Plan for the entire area under its jurisdiction and to submit it to the State Government for sanction within a period of three years from its constitution.

The SPA (CIDCO), while preparing a Development Plan for the area under its revised jurisdiction, prepared an Interim Development Plan under section 32 of the said Act for the 23 villages from Panvel Tehsil of the Raigad District which are under immediate pressure of development. The Government of Maharashtra, vide Notification No. TPS-1215/245/CR-332/2015/SM/UD-12, dated 27/04/2017 has sanctioned the Interim Development Plan (hereinafter referred to as 'IDP') along with Development Control and Promotion Regulations (hereinafter referred to as DCPR-2017) for the 23 villages of NAINA under Section 31(1) of the said Act which has now come into force w.e.f. 04/05/2017. The excluded part (EP) of Interim Development Plan is sanctioned vide Notification No. TPS. 1215/245/C.R. 332/16/EP/UD-12, dated 01/03/2019.

The Development Plan (DP) for 151 villages of NAINA is sanctioned by the Government of Maharashtra vide Notification No. TPS-1717/ MIS-2750/ C.R.91/2019/ UD-12, dated 16/09/2019 and also vide Gazette Notification dated 24/06/2022 and 26/07/2023 has partly sanctioned the Excluded Parts of the DP under Section 31(1) of the said Act.

In the said sanctioned DCPR of NAINA, a new concept of voluntary and participatory land pooling and development by the land owners viz. NAINA Scheme has been approved under Regulations No.13. These special regulations for NAINA scheme are dealing with voluntary land pooling and development of areas from IDP lying within residential zones, within and outside 200 m from the village gaothans.

However, after various discussions, the Urban Development Department (hereinafter referred to as 'UDD') directed CIDCO that, CIDCO should undertake Town Planning Schemes for the implementation of the IDP as provided under the chapter V of the said Act. Further, the Government of Maharashtra, in exercise of the powers conferred by sub-section (1) of section 151 of the said Act, vide Notification No TPS-1817/973/CR-103/17/UD-13 dated 13/09/2017 has delegated the powers exercisable by it under section 68(2) of the said Act to the Managing Director, CIDCO for sanctioning the draft Town Planning Schemes.

The SPA, CIDCO NAINA has accordingly decided to undertake series of town planning schemes under the said Act covering as far as possible the entire IDP area leaving the densely developed areas and village gaothans for the effective implementation of the sanctioned interim Development Plan of NAINA. Till date CIDCO has declared 12 town planning schemes, its status as on 25/10/2023 is as shown below in Table 1:

2. Need of Town Planning Scheme No.5

Post approval of IDP, CIDCO was under pressure from public to provide infrastructural facilities at par with other developed nodes by CIDCO within Navi Mumbai jurisdiction. NAINA area will get connected with Navi Mumbai by means of proposed road linkages in the scheme. The physical infrastructure and road connectivity of Navi Mumbai can be extended as a comprehensive system. The core gaothans, padas, already developed pockets at edge and hills slope area are excluded from the scheme area.

The boundary for TPS-5 is identified in the proximity of already published boundary of TPS-2 and TPS-3. The scheme is located on east side of Mumbai Pune

Expressway. Northern and eastern boundaries are coinciding with Boundaries of Town Planning Scheme no. 2 & 3 and Southern Boundary is coinciding with Town Planning Scheme no. 6.

With this background, CIDCO has declared intention to prepare Town Planning Scheme 5 (TPS-5) at part of Villages Bonshet, Bhokarpada (Chipale), Devad, Moho, Shivkar, Vichumbe and Vihighar for the purpose of implementing the proposals in the sanctioned IDP of NAINA and to introduce proper road network with social as well as service infrastructure.

3. Concept adopted by SPA, CIDCO NAINA for Layout of the Scheme

The Town Planning Scheme is to be prepared and implemented as per the provisions of the said Acts read with the Maharashtra Town Planning Schemes Rules, 1974. The layout of the draft scheme is prepared on the following principles by the SPA, CIDCO NAINA.

- All land owners within scheme will contribute in general, equal percentage of land for the Scheme and IDP proposals.
- Forest lands, water bodies, existing structures of valid permissions are to be maintained.
- Land owners will get at least 40% of original land holding in the form of well laid final plot.
- As far as possible final plots will be anchored to their original locations.
- While developing the lands, the developers will not be required to provide 10% recreational open spaces and 5% amenity spaces under the NAINA DCR which will be provided in the scheme layout at SPA level.
- As far as possible existing structures will be protected and final plots will be allotted so that their structures fall within them.
- Lands affected by gas pipe line or high tension lines and its buffer will be allotted unencumbered final plots, as far as possible, to their nearby original locations.
- As far as possible, scattered holdings in the same ownerships will be amalgamated to have single bigger holding for better planning
- Ownerships, tenures and areas will be ascertained from the latest 7/12 extracts.
- As far as possible no land-owner will be dispossessed.

- EWS and LIG Housing sites will be provided below 10 % of the scheme area as most of the residents of the scheme area and the developers will construct the tenements to suit the LIG persons considering the present demand in the area.
- Special Scheme Regulations will be framed in addition to the IDP DCPR of NAINA to enable the land owners to develop their Final Plots with ease.
- As far as possible the land owners will be encouraged to accept the compensation in the form of FSI instead monetary compensation.

4. The Draft Scheme by SPA, CIDCO NAINA

4.1 Declaration of Intention

The SPA, NAINA (CIDCO) has prepared the draft Town Planning Scheme by following all the formalities and procedure and observing the legal provisions under Maharashtra Regional and Town Planning Act, 1966 as follows.

Table 2: Declaration of Intention as per MR&TP Act 1966

Details	Section	Date
CIDCO's BR No. 12189 to declare intention to prepare scheme	60(1)	7 th June, 2019
Extraordinary official Maharashtra Government Gazette (part-II)-for declaration of intention (Annx-1)	60(2)	26 th June, 2019
Public notice in two local Newspaper: (Annx-3) 1. Dainik Raigad Nagari (Marathi) 2. Newsband	60(2)	1 st July 2019 10 th July 2019

The notice along with the plan showing the area included in the Scheme was displayed and affixed on notice board in the NAINA office for the inspection of the public and of the land owners as provided under Section 60(3). The said notice and the plan were also uploaded to the official website of the CIDCO. A copy of Gazette Notice together with a copy of the plan showing the area included in the Scheme no. 5 have been submitted to the Government in Urban Development Department (UD-12) and to the Director of Town Planning, Maharashtra State, Pune on 03/07/2019 within the prescribed period of 30 days as provided under sub-section (2) of Section 60 of the said Act.

4.2 Collection of TILR (Measurement Plan) and Certified 7/12 Extracts:

For TPS-5 TILR plans are not available except for the villages of Bonshet, Vichumbe and Devad. Village Devad and Vichumbe are adjoining to TPS-2. Hence, TILR boundary of TPS-2 is considered. However, in case of Village Bonshet, the boundaries of Survey Number and Hissas are not matching when compared with the available 7/12 extracts. Various correspondences were followed with the Land record office for clarification for changes in Bonshet villages, however no response is received as yet. As the TILR plan for Shivkar, Moho, Bhokarpada and Vihighar are not available, broad calculation based on the 7/12 of scheme and GIS is performed. The comparative statement of Village-wise areas are shown in Table 3 below.

Table 3: Village wise Area included in the Scheme

Village Name	Total Survey Numbers	Area as per 7/12 (in Ha)	Area as per GIS (in Ha)	Differences in Areas (in Ha)
		(1)	(2)	(3)=(2)-(1)
Bonshet	48	18.37	17.83	-0.54
Bhokarpada (Chipale)	34	11.18	10.99	-0.19
Devad	1	3.30	3.39	0.09
Moho	18	13.08	15.43	2.35
Shivkar	402	150.70	150.27	-0.43
Vichumbe	13	11.99	12.08	0.09
Vihighar	68	33.20	31.21	-1.99
Total (7 in Nos)	584	241.82	241.19	-0.62

*Note: Area as per GIS is considered for Calculation Purpose.

Negative value in above table shows less area is available in GIS than 7/12 area of that Village and vice versa. From above table it is very clear that land area of Moho Village is 2.35 Ha more than the 7/12 area of that village while land area of village Vihighar is less by approx. 2 Ha.

In total 0.62 Ha area is less available for preparing layout when compared with 7/12 areas for which entitlement need to be given (This GIS area also includes unknown polygons, nallah or road polygons whose 7/12 is not available). Hence, variation may happen at the time of demarcation on ground.

Major existing road passing adjoining to the said scheme is Mumbai-Pune Expressway officially named Yashwantrao Chavan Expressway. The villages in scheme do not have direct access from this Expressway, hence a dumbbell interchange is proposed in the Interim Development plan to connect these villages

on either sides of this Mumbai-Pune Expressway. The village Gaothans in the scheme are interconnected by way of existing village roads.

The area mentioned in the 7/12 extract is considered for preparation of the scheme layout. The irrevocable consents of land owners for aggregating land parcels is accepted from the willing parties. Based on the Physical Survey maps obtained from the consultant (Shidore & Associates) appointed by the CIDCO and the Base Map of the sanctioned Interim Development Plan(IDP), this Scheme is prepared allotting every ownership-wise holding, specific Original Plot Number (OP No.) and has been shown in Green colour on the Base Map. All the available revenue details such as Village Gaothans, Village Boundaries, Gut/Survey/Hissa Numbers, existing structures, High Tension Lines, gas lines, sanctioned layouts etc. have been clearly marked on the Base Map. The details of the 7/12 extracts & 8A extracts, details of Government lands and other public lands to the extent possible have been compiled by the SPA, NAINA.

4.3 The Details of Sanctioned IDP Reservations in the Scheme

Total scheme area is 241.19 Ha. Within the scheme about 42.85 Ha of lands are non-developable such as nala and forest. The developable land is 198.34 Ha. The scheme boundary is delineated such that it accommodates sanctioned IDP reservations in 40% of the scheme area. These reservations include IDP roads, Schools, School Playgrounds, Parks, General Hospital, Primary Health Center, Community Center, Daily Bazars, Police Station, Fire Station, Sewage Treatment Plan, Electric Sub Station and Growth Centres. The total area under such reservations is 86.31 Ha which constitutes approx. 42% of total scheme area. The details regarding sanctioned IDP reservations included in the scheme and their areas after allotting them in the form of Final Plots (FP) are as given in the following Table 4

- ii. 104_PG & 96A_PG, 96_CP partly in scheme and rest is provided in adjoining TPS-6.
- iii. 203_GC partly falls in TPS-2 and remaining is provided in TPS-5(with marginal increase in area due to change in Cloverleaf interchange to Dumbell interchange).
- iv. 206_GC partly in TPS-5 and area is maintained.

4.4 Existing Features of TPS

4.4.1 Forest Lands

The Scheme comprises of 45.16 ha of total forest land as per 7/12 extract. It is located at the middle of the Scheme and throughout East to West. As per the digitized village map, the forest area is 41.98 Ha. Resulting difference in Forest area of almost 3.18 Ha.

Table 5: Details of Forest land included in The Scheme

*Note: (P) stands for part area in scheme.

Class I

The shape of Forest land is irregular. At many locations, some area as open space is added to make these Forest land parcels of regular shape. As far as possible Original Plot (OP) area is retained as the Final Plot (FP) in case of forest. Only IDP roads and at some location layout road is provided in order to connect adjoining areas.

Reservations under Joint Forest Management (JFM) on forest land will be jointly developed as park as per sanctioned Development Plan. Out of entire forest area in the scheme, area under JFM is 356540 sq. m.

4.4.2 Nallah

6

Devad

Storm water catchment of Moho village flows through nallah, which is traversing from East to West. This nallah meets the Kirki river about 2km beyond scheme boundary on west side. The course of the nallah meandering through the scheme area has been channelized having an average channel width of 15m. Area under nallah falling in said scheme is 2.8 Ha as per Village plan (AutoCAD). However, as per 7/12 extract area under ओहोळ (Nallah) is only 0.88 Ha. Rest of the nallah is passing through private lands.

The existing meandering course of nallah is smoothened for effective flow of water in consultation with the engineering department. This channel forms a part of FP No. 248(206_GC) and FP No. 247A (206_B&C_PG). FP No. 605 is allotted to CIDCO for channel for remaining length.

4.4.3 Reliance pipeline

Reliance pipeline is traversing from North to South in the scheme area. The length of Reliance pipeline passing through scheme area is approximately 1.53 Km. At the time of detailing of TPS-2, after communicating with the office of Reliance Gas pipeline at Sheva, it is gathered that the land under right of use of Reliance pipeline is having total 6 mtr wide corridor. Hence land measuring 7800 sq. m. will be required to be kept for non-buildable use.

Existence of this pipeline will constraint to planning authority to utilize the land. Since the land under pipeline is acquired under Right of Use condition, the land holders having land under this corridor are considered for scheme entitlement as per the total area mentioned in 7/12 extract. The area under pipeline buffer is mostly kept as open spaces, and at few locations the final plot against Original Plot of Gurcharan land which is allotted to Government is provided.

4.4.4 Extra High Voltage Power Line

Maharashtra State Electricity Transmission Company Ltd.'s extra high voltage tower line of 220 KV having corridor of 35 M width and 110 KV having corridor of 22 M width is traversing through village Vichumbe and Shivkar of TPS-5. The length of High Tension (HT) line passing through scheme is approx. 1.12 Km, affecting an area of 7.2 Ha (both the lines are parallel, total buffer of 65m). In regard to acquisition and compensation for land under Tower line, the correspondence made at the time of TPS-2. Executive Engineer EHV (O&M) division, vide letter no. EE/EHV(O&M) / Dn/PNL/ T-66/ 0742 dated 19/04/2018 informed that MSETCL has not acquired any land for erection of EHV lines and compensation was given only for removal of trees and crops as per Indian Telegraphic Act, 1885.

The land holders having land below this corridor are allotted Final Plots elsewhere, because no construction is allowed under HT line and its buffer. Open spaces, IDP reservations and FPs against Gurcharan lands are located in the HT line buffer zone.

4.4.5 Mumbai Pune Expressway

Mumbai Pune expressway is along western boundary of TPS-5. As per 154 directives of the act dated 05/08/2019 (Ribbon Development rule), the distance of building line and control line from expressway has to be maintained at 60.0 m

from center of the road or 15.0 m from edge of the road, whichever is greater. Therefore, no final plots are given within 15.0 m from edge of the expressway.

4.4.6 Preservation of Existing Schools and Temple

The draft scheme has taken care to preserve the existing School which is on Gramdev Vahivatdar land at FP no.132 and 134.

At FP no. 293 Temple is preserved. The SPA, NAINA has proposed Layout Amenity on the Temple Plot.

4.4.7 Existing structures and Development Permissions

- Within the scheme area, there are about 283 odd structures as per survey
 map and Google imagery. Out of this, majority of structures are sheds/
 temporary construction for the purpose of farming. As far as possible care
 is taken to provide the final plots around the structure to retain it.
- The unauthorized structures falling under IDP/TPS reservations shall be demolished before giving possession of final plots to the land owners. The land owners shall hand over unencumbered land in lieu of unencumbered developed Final Plot.
- The unauthorized structures falling in alignment of roads shall be demolished while executing works of linear infrastructure.
- Unauthorized structures falling on Government land shall compulsorily be demolished as these are encroachments on Government lands.
- As shown in Physical survey, the existing Religious structure of Shivkar village falls within scheme. The same is retained by providing amenity plot at such location.
- In case where Building Permission is issued by the competent authority, the same is honored and final plot is carved out by maintaining sufficient margins from the CC granted structure. Meanwhile the CC granted project proponent submitted WGS Coordinates of the constructed buildings from the empanelled surveyor through the Building permission section. As per the submission, plot boundaries are slightly modified by keeping the CC granted area and structures intact. The same has been communicated to Building Permission section for further processing.
- Details of CC Granted Proposals within TPS-5 are tabulated below;

4.5 Engineering and Transportation aspects

4.5.1 Engineering Aspects

TPS-5 located adjacent to Mumbai Pune Expressway and in continuation with TPS-2. The proposed water supply network needs to be extended till TPS-5 boundary. There is a Sewage Treatment Plant (STP) reserved in sanctioned IDP of NAINA along tributary at Shivkar village.

Provision for underground sewage connection to every plot shall be made, which will finally get connected to STP once it gets operational. Packaged treatment plants within the scheme area will be required to be developed in the meanwhile. Existing tributary, is channelized for carrying out storm water from TPS area.

4.5.2 Transportation Aspects:

The road network in Draft TPS- 5 is prepared in consultation with CIDCO's T&C Dept. The proposed road sections have provisions for future service lines such

as Cooking gas lines, fiber optics, electric cables. The footpath will have tree guards. The main roads will have bus bays and bus shelter.

4.6 Lands falling within the Urban Village Zone

As per the sanctioned IDP, the 200 m periphery around the village gaothan is considered as urban village zone having FSI of 1.00. The area outside such a urban village zone within the residential zone is permissible for base FSI of 0.20 plus the premium FSI of 0.30 as per the DCPR of NAINA. There are four locations exist in the Scheme which fall in the Urban Village Zone. The draft scheme has taken care of such comparatively more valued lands and they have been given appropriate weightage in their valuation for deciding the original plot value and accordingly deciding their compensation.

4.7 Meetings with Land-Owners as per Rule no. 4 by SPA, NAINA

After declaration of intention under section 60, the SPA, NAINA has prepared the tentative proposals of the draft scheme and has arranged meetings in the SPA, NAINA's office on 5th and 6th March 2020. The tentative proposals of the TP Scheme along with its benefits have been explained to these land-owners. All the land owners who attended the meetings have been assured as below.

- Land owners will have to contribute 60 % land for the Scheme and will get 40% net serviced plots back to them protecting their structures.
- Entire infrastructure up to final plot level will be developed by the SPA,
 NAINA (CIDCO).
- Final plots will be allotted of regular shape, buildable, well accessible and as far as possible, anchoring at their original holdings.
- The final plots allotted to the land owners will be unencumbered. The holdings affected by gas pipeline, falling under existing water channel and under High Tension Power Corridor will be relocated elsewhere.
- The Final Plot owners will not be required to provide 10% recreational open spaces and 5% amenity spaces during the development.
- Scattered land parcels will, as far as possible, be amalgamated on their request for better FSI utilization with consent.
- Utilization of full land potential of the original plots in terms of FSI up to 2.5 on their final plots will be permitted.
- Some relaxations for consuming the permissible FSI will be allowed.

After the owner's meetings, around 32 applications were received by the SPA, NAINA from the land owners. Out of these, 17 applications were related to plan. Out of which 4 applications were considered and the draft scheme was accordingly modified.

Table 7: Applications Received till 13/03/2020

Details	Applications Received	Applications Considered		
General Demand	9	0

4.8 Consultation with Director Town Planning

The Director of Town Planning, Maharashtra State, Pune has been consulted as provided under Section 61 (1) of the said Act and as per rule no 4 (2) of said Rules 1974 vide SPA's submission dated 20/03/2020. The Director of Town Planning, vide his letter जा. क्र. नैना न. र. यो. क्र ५/ प्र. क्र./ ७२ / २० — टीपीव्ही/ ३ / १३५२; dated 05/03/2021 had offered some remarks on the draft scheme proposals. The SPA, NAINA has then carried out necessary changes according to the suggestions communicated by the Director of Town Planning and the draft proposals have been finalized.

The draft Town Planning Scheme no. 5 so prepared has been then published under section 61(1) of the MR & TP Act, 1966 by the SPA, NAINA by publishing a notice, both in Marathi and in English to that effect that the draft scheme has been prepared was published in the Maharashtra Government Gazette on 25/04/2022. Such notice in Marathi was published in the newspapers, in Ramprahar and in Dainik Lokdrushti on 28th April 2022 respectively. The SPA, NAINA had sought extension of 3 months under section 61(2) of the said Act.

Government in Urban Development Department vide their letter no. TPS-1221/2248/CR-109/21/UD-12 dated 21st October 2022 has permitted to delete the COVID pandemic period from 23/03/2020 to 31/03/2022 while computing the time limits prescribed in the act as per the provision made u/s 148(a) for ongoing town

planning schemes. The draft scheme has been published within the prescribed time limit.

It is revealed from the draft scheme that the SPA, NAINA has allotted the final plots (FPs) in lieu of the land-owner's original plots to the extent of 40 % of the area of their original holdings. There are in all 386 FPs allotted to the land owners in the draft scheme. The classification is as under.

4.9 Reshaping and Realignment of the IDP reservations

While preparing the draft scheme, it has been considered necessary from the planning point of view to readjust the following IDP reservations and roads. This has been done after obtaining the prior approval of the Director of Town Planning, Maharashtra State, Pune on 05/03/2021 under sub-section (2) of the Section 59 of the Maharashtra Regional and Town Planning Act, 1966.

- 1. 15M wide road (FP No. 548A) starting from TPS-2 and connecting TPS-5, is affecting the existing occupied structures within TPS-5. Hence, it is proposed to shift the road latterly towards East, so as save these structures
- 2. 9M wide road was widened to 15M width (FP No. 549) to maintain it's width as per TPS 3.
- 3. 9M wide road were widened to 20M (FP No. 546) and 12M (FP No. 555). It is increased to 20M to complete the loop of 20M and increased to 12M to provide access to already CC granted proposals.
- 4. After consultation from Engineering Department Dumbbell shape interchange has been adopted instead of the proposed clover leaf design at village Vichumbe in sanctioned IDP, in order to provide access to the Mumbai Pune Expressway.
- 5. 20M wide curved IDP road at village Shivkar was widened to 27M (FP No. 543), and straightened for better traffic movement.
- 6. In Sanctioned IDP plan for reservation 114_S and 107_PG areas were shown less than the area mentioned in the report. While preparing draft scheme areas of these reservations were provided as per area mentioned in report.
- 7. IDP reservations for Open spaces and Amenities have been adjusted in shapes to suit the scheme layout, maintaining their areas and locations as per the IDP, wherever required.

5. Sanctioning of the Draft Scheme under Section 68(2)

The draft Town Planning Scheme no. 5 so prepared and modified as described above after its publication under section 61 of the Act, the SPA, NAINA has submitted the draft scheme along with its accompaniments under section 68(1) of the said Act to the Vice Chairman and the Managing Director, CIDCO for sanction; who has been delegated the powers of sanctioning of the draft schemes as provided under section 68(2) of the Maharashtra Regional and Town Planning Act, 1966 by the State Government vide Urban Development department Notification no. TPS-1817/973/CR-103/17/UD-13 dated 13th September 2017. The Vice Chairman and the Managing Director, CIDCO has then forwarded the draft scheme for consultation of the Director of Town Planning, Maharashtra State, Pune as provided under section 68(2) vide his letter CIDCO/NAINA/TPS-5/Consult.68(2)/2022/1664

dated 08/08/2022. After obtaining the remarks of the Director of Town Planning vide letter जा.क्र. प्रा. न. र. यो. / नरयो क्र. ५/ नैना / कलम ६८(१)/४६५ dated 17/10/2022, the draft Scheme so submitted by the SPA, NAINA has been sanctioned by the Vice Director, CIDCO Chairman and the Managing vide his Notification CIDCO/NAINA/TPS-5/Draft Scheme/2022/564 dated 21/10/2022 as provided under section 68 (2) & (3) of the said Act. The said notification was also published in the Maharashtra Government Gazette Extraordinary Part-2, Extraordinary No. 139 dated 4/11/2022 (Annx-5) and in the local newspapers as required on 10/11/2022 and 11/11/2022 in Dainik Kille Raigad and Free Press Journal respectively (Annx-6).

6. Arbitration

6.1 Appointment of Arbitrator by the Govt.

The State Government has then appointed Shri Shrirang D. Landge, Director of Town Planning, retired from the Town Planning and Valuation Department of the Maharashtra Government as the Arbitrator under sub-section (1) of Section 72 of the Maharashtra Regional and Town Planning Act, 1966 for this draft scheme no. 5 vide Urban Development Department notification no. TPS-1222/2152/CR-148/22/UD-12 dated 2nd December 2022 (Annx-7).

6.2 Arbitration Proceedings

The Arbitrator has then entered upon the duties w.e.f. 05/04/2023 by publishing a notice in the Maharashtra Government Gazette, Extraordinary, Part II, on pages 1, 2 & 3 dated 25th April 2023 (annx-8) The same notice in English and Marathi has been published in daily Newspapers, the Free Press Journal, and in Krushival, respectively dated 13/04/2023 (Annx-9) for the information of the land owners and the public.

The Arbitrator has observed that the scheme layout has not been demarcated on ground and the final plots have not been measured by the Special Planning Authority i.e. NAINA, CIDCO. The demarcation and measurement work might have not been carried out due to non-cooperation from the land owners. The Arbitrator has requested the SPA, NAINA to demarcate the scheme and accordingly to measure the FPs on ground for confirmation of their areas.

However, the Arbitrator has started the arbitration proceedings as provided in the Act and Rules in view of the time limits prescribed to complete the proceedings. Then special notices in the prescribed Form No. 4 under Rule No. 13 (3) of the Maharashtra Town Planning Schemes Rules, 1974 have been served on each and every owner of the original plots included in this scheme from all the seven villages during the period from 19th June 2023 to 14th July 2023 and on 8th August 2023. This special notice in form no. 4 is for communicating the land owners, all the details of their plots regarding ownerships, tenure, areas of their original plots and the similar details of allotted final plots in lieu of their original plots. Further, this special notice is also for informing them regarding the valuation of their original plots, semi-final and final valuation of their allotted final plots and the compensation, contribution and the net demand from them as estimated by the SPA, NAINA in the sanctioned draft scheme. The land owners have been asked to appear before the Arbitrator on the specified dates and time to submit their say on the proposals of the sanctioned draft scheme and to record minutes of the same.

The hearing process was carried out in two sessions. First during 5th July 2023 to 4th August 2023 and second on 21st and 22nd August 2023. The land owners from all these seven villages had objected to hearing process on the issue that the SPA, NAINA has not prepared the draft scheme with allotment of final plots of at least 50 % of their original plot areas as earlier promised to them and they were never told before regarding the payment of contribution levied by it in the scheme. This issue was then taken to agitation by all the villagers. However, they have not opposed ultimately to the making of the scheme and shown their overall willingness subject to allot Final Plots at least of 50 % of OP areas and waiving of the contribution by the Arbitrator, which has been levied in the draft scheme by the SPA, NAINA, CIDCO.

Due to change of address by owner or incomplete addresses it was possible that all owners will not receive these special notices. Therefore, the general public notice was published in the local newspaper Dainik Sagar and Raigadnagari dated 5th July 2023 and Raigad Nagri and Wadalwara dated 10th August 2023 as well as it was published in the respective Grampanchayat Offices on 05th July 2023 and on 17st August 2023. The hearings of the land owners who appeared have been completed during the period from 5th July 2023 to 4th August 2023 in the first

session, and 21st August 2023 to 22nd August 2023 in the second session. The owners, those remained absent, were attempted to be called to give hearing in respect of their scheme proposals.

The Arbitrator has heard all the land owners who appeared before him in response to the notice in Form no. 4 mentioned above as provided in Rule no. 13 (4) of the said Rules and has given detailed information regarding reconstitution of their final plots, ownerships areas of their final plots, the valuation details and the contribution. The Arbitrator has further recorded their say and the minutes as provided in Rule no. 13 (5) of the said Rules.

Government officials such as Collector, District Raigad for government lands, Executive Engineer, PWD for Land under their ownership, Executive Engineer, MSRDC for Mumbai Pune Expressway, Executive Engineer, MSEDCL for Transmission line passing through TPS, Deputy Conservator of Forests, Raigad for forest land within scheme, Chief Planner NAINA, CIDCO for authority plots and concerned stakeholders along with Officials from Reliance Industrial Infrastructure Limited for gas pipelines passing through the scheme were called for individual hearing on 7th August 2023 through letter.

The Special Planning Authority, NAINA (CIDCO) has been given first hearing on 7/08/2023 before finalization of the layout of the scheme. The SPA, NAINA has shown its general acceptance to the scheme layout. After the hearing, CIDCO by its letter dated 11/08/2023 has requested to maintain few amenity and open spaces for school, playground, utilities and MBR also suggested modification in special DCR i.e. provision of TDR for utilization of maximum potential of land.

The Arbitrator has then subdivided the sanctioned draft scheme into two parts as i) the Preliminary Scheme and ii) the Final Scheme; as provided in subsection (3) of Section 72 of the said Act on 20/10/2023 under his order bearing no. ARB/TPS-5/GEN/2023/816.

The Special Planning Authority, NAINA (CIDCO) has also been given hearing on 7/11/2023 after preparation of layout of the preliminary scheme. The points raised by the Arbitrator vide his letter no. ARB/TPS-5/GEN/2023/821, dated 08/11/2023 were replied by the Special Planning Authority under its letter bearing

no. CIDCO/NAINA/PLNG/DP/TPS-5/2023/934 dated 10/11/2023. The SPA, NAINA has shown its general acceptance to the scheme layout.

6.3 Landowner's Hearing by Arbitrator

During the hearing of the land owners, some have requested to amalgamate their final plots, being held in the same ownerships or held in the family or held in single partnership firm or company. Some have asked for sub-divisions of their final plots, either family ownership-wise or individual ownership-wise. Some of the ownerships of original plots have been found changed afterwards by executing deeds of transactions and hence the successor owners requested to update their titles.

Further, during the hearing process, the land owners, almost from all the seven villages, have mainly objected to the scheme on the ground that even though, they have been told by the SPA, NAINA that this is participatory scheme, they were not taken into confidence while preparing the draft scheme before its publication under section 61 of the Act. They were also not told about the contribution to be levied even after surrendering their lands to the extent of 60 %. Further, they have been told that the SPA, NAINA will return them at least 60 % of land. Demand to allot FPs at least at 50% of their original holdings was also made from the land owners of their original holdings in the form of final plots which has been reversed.

Further, some villagers demanded compensation at two and half times the market value in line with the provisions of the LAAR Act, 2013. However, they have been told that this provision is not there in the MR & TP Act, 1966. The villagers from these villages have also demanded that the land owners included in the scheme would be treated as project affected persons by the CIDCO and they would be given all the benefits available in this respect. They have been told that this issue is not in the purview of the Arbitrator.

6.4 Arbitrators comments on Landowner's Hearing

6.4.1 Increase in FP area

All the land owners have been allotted final plots exactly to the extent of 40 % in area of their original land holdings. The SPA, NAINA has also allotted the final plots as far as possible accommodating their original holdings i.e. most of the land owners have been allotted the anchored plots. Their demand to allot FPs at

least of 50 % in area of their original holdings cannot be fulfilled by the Arbitrator mainly considering that the draft scheme has been prepared by the SPA, NAINA on 40/60 concept and to make any alteration in this will lead to substantial modification to the draft scheme.

Secondly, the 60 % land is utilized for IDP and scheme roads, IDP and scheme reservations, and for growth centre which are necessary to set up a higher level urban centre as decided by the State Government through the CIDCO. Thirdly, the land owners (who are stake-holders) are not at loss as they have been permitted to utilise full potential of their original holdings in terms of FSI. The lands outside the 200 m periphery around village gaothans are at present permissible with the FSI of only 0.20 plus the premium FSI of 0.30. However, due to the inclusion of their lands in the town planning scheme, these land-owners have been allowed to consume base FSI of 1.00 without any premium. Hence, it is appropriate to finalise this scheme on the basis of 40/60 concept.

6.4.2 More FSI for OPs in Urban Village limit.

The lands situated within the 200 m from the village gaothans are already allowed FSI of 1.00 and their owners have argued with the point that they have purchased such lands at very high values, but in the scheme, these lands have not been given weightage as required. The point raised by them needs attention and the Government has been moved in this respect by the SPA, NAINA. Now the regulation has been introduced and base FSI of 1.25 has been made permissible to such land owners.

6.4.3 Miscellaneous

Some of the land owners have requested to amalgamate their scattered land holdings or to make suitable sub-division of the draft scheme FPs into separate FPs as per their new ownerships or family-wise. This has been considered wherever possible to their satisfaction.

7. Preliminary Scheme

The layout of the Preliminary NAINA Town Planning scheme no. 5 has been then finalized and accordingly modified by the Arbitrator in light of the requests and points/issues raised by the land owners during the hearings and by the Special Planning Authority. The Arbitrator has also varied this layout wherever required from planning point of view as provided under section 72 (7) of the Act.

The NAINA Town Planning Scheme no. 5 is prepared for implementing the proposals of the sanctioned Interim Development Plan of NAINA. Further, necessary social infrastructure and the suitable road circulation system are also required to be properly proposed. The draft scheme has taken care of this.

The scheme so selected is adjoining to the already published TPS-2 & TPS-3 and lies on east side of Mumbai-Pune Expressway. The area so delineated excludes revenue gaothan boundary and densely developed areas around the gaothan. Gaothan of Shivkar and Bonshet lie within the periphery of TPS-5, however the same is excluded from the scheme. Urban Village area (200m from Revenue Gaothan Boundary) of villages Bhokarpada (Chipale), Bonshet, Vihighar and Shivkar lie within scheme boundary.

The layout of the draft scheme and the overall road pattern proposed therein are generally well in order and acceptable from planning point of view.

It is observed that the road circulation pattern is so framed that it is well coordinated with the road networks of these adjoining schemes. The Junction of 45m IDP roads running from north-south connecting TPS-2 to TPS-6 and east-west connecting Mumbai-Pune Expressway to TPS-3 lies at centre of scheme. Dumbbell interchange at Vichumbe lies partially in the TPS-5 connecting these villages with existing expressway. Other hierarchical roads 27m, 20m, 15m are well in order.

7.1 Observations of Arbitrator on Sanctioned Draft Scheme Proposal

During the hearings of the land owners, the Arbitrator has come to know some common demands/request/points of them. The Arbitrator has also made some observations in the sanctioned draft scheme. The draft scheme prepared by the SPA, NAINA (CIDCO) and has been sanctioned under section 68(2) of the said Act reveals that

7.1.1 Reconstituted Plots

- a. Total area under the scheme is 241.19 ha.
- b. All the reconstituted final plots are reduced in areas to the extent of 40% of their original plot areas, where landuse zone is as per Regulation 1 of sanctioned Special DCPR of TPS5.
- c. All the roads proposed in the sanctioned IDP as detailed above have been incorporated in the scheme. However, their alignments have been

- amended suitably and modified accordingly to fit with the scheme layout.
- d. All the reservations of public sites proposed in the IDP for various infrastructural uses falling in the scheme area have been incorporated in this scheme. However, they have been readjusted maintaining their areas and utility values to fit with the scheme layout.
- e. As per section 64 (g-1) of the said Act, the lands under roads, social infrastructural sites, sites under open spaces, play grounds, parks etc. shall not admeasure more than 40 percent of the scheme area. The SPA, NAINA has considered here that IDP reservations of growth centers are city level reservations and do not fall under the category of section 64 (g-1) of the said Act.
- f. The forest lands of the State Government have been maintained even by adding open lands around them. However, some portions have been used to pass the IDP and the scheme roads through them. Hence, the total forest land has been reduced.
- g. The gas pipe line of Reliance Industrial Infrastructure Ltd. is passing from east side through the scheme along the highway and the draft scheme has incorporated the entire gas line maintaining the buffer etc. in open spaces and government land by shifting the land owners in suitable FPs outside to enable them to utilize total potential of their plots.
- h. Old water pipe line is passing through the scheme area on to Eastern side of Mumbai-Pune Expressway parallel to the road. It is passing through proposed 27m IDP Road (FP no. 544)
- i. Existing Temple which is in FP No. 293 is retained as Amenity Space, land owner has been given Final Plot at FP no. 292.
- j. The proposals of the land owners for development permissions received for their lands prior to the declaration of intention of this scheme have been considered by the SPA, NAINA while-reconstitution
- k. The Gurcharan Lands are allotted to the Gram Panchayats by the Government for grazing of the cattle. It is observed that in the draft scheme, the FPs in lieu of them are proposed for residential purpose with FSI of 2.5

l. Land on which nallah is traversing through scheme area is mostly private land, in only one section it is in the name of nallah.

7.1.2 Open Spaces

- a. The recreational spaces in the form of Open Spaces in addition to those proposed in the IDP are provided in the scheme at 57 different sites having aggregate area of 28.4 Ha. Forest Land of 35.65 Ha area is proposed to be developed as parks under Joint Forest Management.
- b. The IDP reservations in the form of Parks and Play Grounds included in the scheme are proposed in 21 sites in the scheme having aggregate area of 22.11 Ha.
- c. The 9 sites of Play Grounds, 10 sites of Parks, 12 sites of Park (JFM) and 2 sites of City Park as proposed in the IDP have been incorporated with modifications wherever necessary to fit in the scheme layout, but maintaining their areas and utility values.

7.1.3 Social Infrastructure

- a. The 60 sites as Amenity Plots have been proposed at various places in the scheme aggregating to area of 6.88 Ha. This is in addition to the IDP reservations.
- b. Two sites for Schools/Education Purpose have been proposed in this scheme under IDP school reservations of aggregate area of 0.86 Ha which have been incorporated in this scheme with modifications wherever necessary to fit in the scheme layout but maintaining their areas.
- c. One site of IDP Hospital reservation has been proposed in the scheme of an area of 2.75 Ha.
- d. One site of IDP Community Centre, IDP Fire Station & IDP Police Station has been proposed in the scheme of an area of 0.22 ha, 1.07 ha and 1.18 ha respectively.
- e. Six sites of existing Crematoria are maintained (40%) at its location with additional layout amenity around it. On landowner's request additional area for Burial/Crematorium is proposed in the scheme admeasuring area of 0.58 Ha (FP No. 247B) close to proposed channel, Forest and Play Ground reservation (206_B&C).

7.1.4 Growth Centre

- a. The reservation of 206_GC is situated mostly in the central part of the scheme along southern sides of 45 m wide east-west IDP road which continues in TPS-6. Another part of 206_GC at the southern end of the scheme is located along a 27m wide IDP Road which merges with the Growth Centre plot beyond this scheme and is a part of TPS-6. 2 sites of 203_GC on northern side of Dumbbell interchange are present which continues in TPS-2 outside scheme boundary.
- b. Eight sites for IDP reservations of Growth Centers at villages Shivkar, Moho and Vichumbe have been proposed in this scheme admeasures to 20.81 ha. These are IDP reservations and their locations are as per the IDP Report.
- c. The area under Growth Centre reservations proposed in the scheme is 20.81 ha which constitutes 8.63% of the scheme area.

7.1.5 Plots for EWS/LIG

- a. Fourteen sites for EWS/LIG housing have been proposed in this scheme of an aggregate area of 6.10 Ha.
- b. This area constitutes 2.53% of the scheme area towards EWS/LIG housing which is well below the limit of 10% laid down as per clause (i) of section 64(g-1) of the Act.

7.1.6 Forest

a. The Forest Lands exist in the scheme area at 2 contiguous land parcels and FP Area of these lands is 37.24 Ha. These lands do not have any forest tree cover except few shrubs. The scheme roads as well as the IDP roads pass through some of them wherever necessary. The remaining forest lands are maintained in the draft scheme and the scheme open spaces are provided around them to act as their buffers so as to protect these forest lands from the possible encroachments. As some of the forest lands have been considered necessary to utilize for crossing of the proposed roads in view of continuity and proper circulation, sufficient open areas have been located adjacent to these forest lands to maintain plantation in the Preliminary scheme.

b. The land under Government forest falling in the scheme area admeasures 41.98 Ha (in plan). The shape of Forest land is irregular. At many locations, some area as open space is added to make these Forest land parcels of regular shape. As far as possible Original Plot (OP) area is retained as the Final Plot (FP) in case of forest. Only IDP roads and at some location layout road is passing through these lands in order to connect adjoining areas. Now the FPs designated for Government Forest admeasure in all 37.20 Ha.

7.1.7 Gas pipeline and High Tension line

Reliance Gas Pipe Line is running north-south in western portion of the scheme parallel to the Mumbai- Pune Expressway. The draft scheme has proposed Parks, Play Grounds and open spaces along both sides of this line to protect the gas pipe line with its required buffer. This line right from FP no. 235B(IDP Park), 235C(IDP GC), 228(IDP Park), 237(IDP Park), 240(IDP Park), 247A(IDP Play Ground), 313& 315 (Layout Open Space), 336(Layout Open Space), 330(IDP DB) is aligned along the sides of these reservations of non- buildable open users during the reconstitution except for FP No. 235C where it is running at corner of Growth Centre. On southern side, it is aligned through layout open space, gurcharan lands, and FP no.326 (CC granted proposal).

7.1.8 Development Control and Promotion Regulation (DCPR)

- a. The FSI permissible is as obtained by the quotient of the OP area divided by the FP area. As most of the final plots are exactly at 40% of the OPs, the FSI works out to 2.50 as maximum.
- b. The scheme area is predominantly included in Residential Zone as per the provisions of sanctioned IDP/DP. Some area on north side of the 45 m wide east-west IDP road is included in mixed land use zone. Some area on both sides of East-West 45m IDP road is also included in mixed land use zone.
- c. The base FSI permissible in residential zone and in the mixed land use zone is 0.20 with premium FSI of 0.30. This FSI has been raised to 1.00 considering the land aggregation or pooling of the lands together for development under TP scheme.

d. Though the lands situated within 200 m from gaothans of villages Shivkar, Bhokarpada (Chipale), Bonshet and Vihighar are already permissible for FSI of 1.00, hence 25% additional incentive FSI in lieu of their 60 % land for such lands is sanctioned by government in TPS 3.

7.2 Modifications carried out by the Arbitrator

On having scrutinized the draft Scheme sanctioned under Section 68(2) of the Act, the Arbitrator has come to conclusion that the draft Scheme is required to be modified in light of the following points/reasons and issues realized from the hearing process carried out under Rule no. 13 (4) of the Maharashtra Town Planning Schemes Rules, 1974.

7.2.1 Final Plots to land owner

- a. As per request of the land owners, the final plots have been amalgamated, sub-divided or shifted according to their new ownership data. This has been considered wherever possible to their satisfaction.
- b. In the draft scheme Class I and Class II land are given one final plot. In the preliminary scheme, these Final Plots are subdivided close to each other.
- c. Attempt has been made to allot buildable FP to every FP holder. So the minimum size of FP has been restricted to 100 sqm unless the OP of the individual is smaller than 100sqm. In this scheme there is only one plot (FP no. 370) whose area is increased to 100 sq. m.
- d. The OP No. 58 from village Bonshet, OP No. 579 and 582 from village Vichumbe and OP No. 218, 444, 487, 498, 502, 518, 522, 523, 524, 525, 526 from village Shivkar are recorded as Gurcharan Lands in 7/12 extracts which are Government Lands handed over to the respective Gram Panchayats for grazing of cattle.

Now, agricultural activities will not be continued in the scheme area hereinafter and hence, provision of any gurcharan land is not needed. The FP No. 103, 176, 178, 318, 319, 306, 332, 361, 382, 404 and 429 which are allotted in lieu of these OPs have been included in public-Semipublic Zone in the name of Government of Maharashtra.

7.2.2 Open Space and Social Infrastructure

- a. There are 35 layout open spaces in the preliminary scheme with total area of 5.75 Ha.
- b. There are 55 layout amenities in the preliminary scheme with total area of 7.71 Ha.
- c. The SPA, NAINA has suggested vide letter CIDCO/ NAINA/ PLNG/ DP/ TPS-5/2023/ 666 dated 11/08/2023 to retain school and playground plots having FP no.113, 114, 258, 259, 478, 479 and 146 as per the draft scheme. We have retained all the sites mentioned above as per the draft scheme except area of FP no. 478 and 479 is increased and FP no. 258, 259 are identified for sale plots.

7.2.3 Growth Centre

The area of reservation of Growth Centre is slightly increased and location is retained as per draft scheme.

7.2.4 Plots for EWS/LIG

15 sites for EWS/LIG housing have been proposed in this scheme of an aggregate area of 5.89 Ha. which is 2.44% of the scheme area and is well below the limit of 10% laid down as per clause (i) of section 64(g-1) of the Act.

7.2.5 Plots for Sale Purpose

- a. There are 8 Sale plots newly proposed in the preliminary scheme as provided under section no. 64 (g-1) (ii-D) of the Act for commercial purpose to raise additional funds for meeting the cost of the scheme.
- b. Plots under Daily Bazar, EWS, Layout Amenity and Layout Open space i.e. FP no. 09, 47, 77, 147, 258, 259, 264 and 330 of sanctioned Draft scheme are converted to Sale plots in Preliminary Scheme

The Layout of the Preliminary Scheme is therefore accordingly finalised carrying out the modifications which are necessary from planning point of view. Every serviced final plot allotted to the land-owners included in the scheme is at least of 40 % of the respective original plot with the entire development potential loaded on it. Hence, the net FSI permissible would be 2.5 as maximum. However, the OPs situated within 200 m periphery of village gaothans will get still more FSI

as the Government has granted additional FSI of 0.25 for the loss of area of original plots due to their reconstitution into final plots. Hence, the FPs allotted in lieu of OPs situated within the 200 m periphery of village gaothan will be eligible for FSI calculated as follow

Eligible FSI =
$$\frac{Area\ of\ OP}{Area\ of\ FP}$$
 + (0.25 × (Area of\ OP\ -\ Area\ of\ FP))

The original plot-wise decisions for the land owners on the basis of their hearing and considering the draft scheme proposals are as given in the Table A appended to this report of the Preliminary Scheme. The demand of the land owners regarding allotment of final plots having area atleast of 50 % of their original plots is not considered by the Arbitrator as this will change the entire layout of the scheme and the percentage of open spaces and the amenities will drastically get reduced. However, the land owners are getting the same development potential for consumption in their final plots and hence, they are not at loss. The decisions regarding lowering down the contribution levied in the draft scheme by the SPA/NAINA would be taken by the Arbitrator in the award of Final Scheme which will be drawn up separately under section 72 (5) and will appear in Form no. 1 and communicated to every land owner under notice in form 5 in due course of time.

7.2.6 The IDP Reservations included in the Scheme

The Sanctioned Draft scheme has incorporated all the IDP reservations falling in the scheme area with slight modifications in shape and location to fit with the scheme layout but without reducing their areas and utility values as mentioned in table 4 above.

The modifications carried out in the sanctioned draft Town Planning Scheme to the IDP reservations are with prior approval of the Director of Town Planning as provided under section 59 (2) of the said Act.

In the Preliminary Scheme, all the IDP reservations have been incorporated as per the sanctioned draft scheme with few changes in the shapes and slight shifting to fit them in the revised reconstitution as given hereunder.

The IDP Reservation of 66_DB & 217_P are reshaped while maintaining the area to accommodate changes in final plots adjacent to it. Further IDP Reservation 74_PG and 81_S are slightly modified to match the revised boundary of adjacent

plot while maintaining the area. IDP reservation of 110_PHC is relocated on adjacent plot to accommodate the request of FP no. 354.

7.3 Award of the Preliminary scheme

After hearing the land owners who appeared before the Arbitrator and considering all the issues/points/observations stated above and also after hearing the SPA, NAINA on 07/11/2023, the layout of the draft scheme has been modified and finalised by the Arbitrator with modifications as stated above. The Preliminary Scheme has been accordingly drawn up as per sub-section (7) of the Section 72 of the Act as appearing in the Plans no. 3 and 4 read with Tables A & B appended to the award. The decisions of the Arbitrator in respect of every reconstitution of original plots into final plots as carried out in the award have been recorded in Table A appended to the award. The allotment of the Final Plots with their respective ownerships, areas and tenures are as recorded in Table B accompanied to the award of this Preliminary Scheme.

The comparison in areas of public users and the Roads provided by the SPA, NAINA in the sanctioned draft scheme and now provided in the Preliminary Scheme in the award drawn up by the Arbitrator is as given in the following tables 9, 10 and 11.

Note: - The Scheme has included the sanctioned IDP reservations including Growth Centers which are falling in the scheme area. In addition to these IDP reservations, there are several infrastructural sites provided in the scheme as detailed in the above table.

The section 64 (g-1) prescribes two caps viz. first of 10 % of the scheme area under clause (i) for reserving EWS/LIG housing and housing of the dispossessed persons due to scheme and second of 40 % of the scheme area under clause (ii) for reserving open spaces, social infrastructure, roads and plots for sale for raising the funds for the implementation of the scheme works. Actual percentage of the lands provided for these users in this scheme is well within these caps of 10 % and 40 % mentioned under section 64(g-1) (i) & (ii) of the said Act as can be seen from the Tables no. 12 & 13.

The Growth Centres, being city-level proposals of the IDP which have been included in the scheme are not considered under clause (ii) of section 64(g-1) here. It is presumed that the items listed under section 64(g-1) (ii) of the said Act do not include reservations like Growth Centres and would not therefore fall under this clause. This assumption was pleaded in respect of Preliminary NAINA Town Planning Schemes No. 1 & 2 which has been accepted by the State Government and the said schemes are accordingly sanctioned under section 86(1) of the said Act confirming this assumption.

The section 64 (g-1) (i) prescribes provision of EWS and LIG Housing and the housing for affected families due to scheme proposals to the extent of 10 % of the Scheme area. Some families will be dishoused or homeless as their chawls and old structures are required to be removed either for construction of FPs and IDP roads

or as they fall in the final plots allotted to SPA, NAINA or to other owners. It is noticed that these structures are mostly constructed without obtaining permissions of the appropriate authorities. It is also noticed that at some places, the owners of houses are not the owners of plots under their structures. These houses are occupied since long and the families have therefore to be rehabilitated. The Preliminary Scheme drawn up provides FP no. 127 for this purpose. The SPA, NAINA shall tackle this issue at its level according to its policy in this respect.

During the hearing, the land owners who appeared before the Arbitrator in response to notice in form no. 4 served as provided under rule no.13 (3) of the Maharashtra Town Planning Schemes Rules, 1974, mainly demanded in general as below.

- a) To allot single final plot for their various original plots held in the same ownerships or in the family,
- b) To allot final plots covering as far as possible the portions of their original plots i.e anchored final plots,
- c) FSI would be granted equivalent to the reduction in areas of the original plots.
- d) Since the final plots allotted to them of reduced areas to the extent of 40 % of their original plots, the physical areas available for development are very small and may lead to unutilisation of FSI. In such cases, TDR facility would be allowed to them without charging premium.
- e) Side and rear marginal distances would be relaxed at least in smaller or narrow plots so as to enable them to consume the permissible FSI without charging premium.
- f) Recovery of contribution should be waived considering that 60% land is acquired,
- g) Possessions of final plots would be handed over immediately after the sanctioning of the scheme with proper access roads and free of any encumbrances over them,
- h) Infrastructure shall be provided early, within a period of two years,

These requests are considered wherever possible and complied with to the satisfaction of the land owners. Special development control regulations in addition to the DCPR of NAINA are formulated so as to enable FP holders to

consume the higher FSI and to make allotted final plots buildable. The request to waive the recovery of the contribution does not fall in the purview of the Arbitrator as levy of contribution is a statutory requirement vide section 99 (2) of the said Act. The SPA, NAINA (CIDCO) can take suitable decision in this respect at its level. However, as an Arbitrator, I have a power to decide the percentage of the contribution to be levied on the land owners holding the final plots and if the receipt side of the finance of the Scheme is found to be sufficiently on higher side compared to the cost of the Scheme, such contribution can be reduced to its minimum level within the scope of the said Act. This will be considered in the Final Scheme subsequently while drawing the award under section 72(7) read with section 72(6).

General layout of the scheme and the allotment of final plots after reconstitution of the original plots made in the sanctioned draft scheme have been reconsidered in light of the points raised during the hearing by the land owners and after discussing with the SPA, NAINA. Some final plots are merged to form a single final plot as requested by the owners. Though some of the final plots of the draft scheme are amalgamated or deleted wherever required, the remaining final plots are now renumbered wherever required, as given in table 12 below. Draft scheme numbers are maintained. The deleted FP numbers will not now appear in the preliminary scheme. Thus FP no. 51, 53, 131, 295, 454 & 480 are not now appearing in the preliminary scheme for the reasons stated above. The Final Plots allotted to the land owners and to the SPA, NAINA are as given in Table B appended to the Preliminary Scheme.

The draft scheme had proposed all the final plots eligible for residential development. In the IDP/DP, it is observed that the mixed Use Zone has been proposed along the major roads. In the Scheme no. 5, such mixed use zone proposed in the sanctioned IDP is along 45 m road. Additional higher level commercial activities are made permissible in the mixed use zone. However, this concept is not workable in the scheme area as there are many roads having widths of 20 m and more; hence, the final plots measuring 0.20 ha or more in area and fronting on roads of width of 20 m or more are now made eligible for use permissible in mixed land use zone as per the special DCPR of the Preliminary Scheme. The major changes carried out while drawing the award of the Preliminary Scheme are already listed above. The reasons for modifying the reconstitution of the Final Plots are recorded in Table A against the entry of every original plot. The allotment of Final Plots with their ownerships, areas and tenures is as recorded in Table B. The Land Records Department shall open the Property Cards as per this Table B for the final plots as provided under Rule no. 18 of the Maharashtra Town Planning Schemes Rules, 1974.

The said variations made to the sanctioned draft scheme are of minor nature in view of the provisions of sub-section (7) (b) of Section 72 of the said Act. The cost of works included in the scheme is estimated in the draft scheme as can be seen from the Form no. 2 is of of Rs. 25,55,24,12,933.

In the Preliminary Scheme all draft scheme roads and the works are maintained and hence, remain unchanged. Other changes in the reservation sites are also of minor nature. These variations do not increase the cost of the scheme more than $20\,\%$ of this draft scheme cost.

The land-Use Analysis of the Preliminary Scheme is as shown in Table 13.

The percentage of lands under IDP/Scheme roads, social infrastructure, utilities IDP/Scheme Amenities, IDP/Scheme open spaces proposed in the draft scheme was at 38.83% of the scheme area. In the Preliminary scheme, this percentage is slightly increased and it is now at 38.96%. The infra-structural sites have been provided in the scheme in addition to the IDP reservations mainly because the scheme area will be developed with higher FSI of 2.5 and will have higher population density.

While drawing the award of this scheme no. 5, the Arbitrator is required to ascertain that the public sites, roads, EWS/LIG housing plots provided in the scheme shall satisfy the caps prescribed under section 64 (g-1) of the MR & TP Act, 1966. The Table 14 below gives these details in this respect and the Preliminary Scheme satisfies these statutory provisions.

The Arbitrator has recorded the minutes of the hearings and has taken decisions in respect of each and every Original Plot as provided under rule No. 13 (4) (5) of the Maharashtra Town Planning Schemes Rules, 1974 before drawing the Preliminary Scheme as recorded in Table no. A. The decisions regarding redistribution and allotment of Final Plots to the owners of lands included in the Scheme from seven villages are as recorded in Table B. The Common decisions are also taken in respect of all the Final Plots in the Preliminary Scheme as given hereinafter. The period within which the SPA shall carryout works contemplated in the scheme has also been decided as provided under section 72(4)(iv) of the said Act. The SPA, NAINA (CIDCO) had moved the Urban Development Department to suspend some of the regulations and not to operate them in the scheme area. The State Government, vide letter No. TPS-1718/4354/CR-223/18/UD-12 dated 23-10-2018 has approved the proposal of suspending the Regulations No. 15, 19, 20.3, 20.4, 21, 22.3.1, to 22.3.10 of the DCPR-2017 (now superseded by DCPR-2019) and now they are not applicable in the scheme area. However, these regulations are not deleted by the State Government and suspension is always for a specific period. The Special Development Control and Promotion Regulations to be made applicable within this scheme in addition to the DCPR of NAINA are therefore prescribed as given hereinafter for the proper and efficient implementation of the Scheme.

The Preliminary Scheme contains the following Plans and Tables as part of the scheme.

1) Plan No. 1 showing the location of the scheme area in the IDP and in NAINA.

- 2) Plan No. 2 (scale 1:2500) showing the Original plots included in the scheme in green colour.
- 3) Plan No. 3 (scale 1:2500) showing the Original Plots in green colour and superimposed thereon the Final Plots in red colour.
- 4) Plan No. 4 (scale 1:2500) showing the Final Plots in red colour allotted in lieu of Original Plots and the infrastructure.
- 5) Table A for original plot-wise decisions of the Arbitrator (A-4 size)
- 6) Table B for Allotment of final plots with ownerships, areas, tenures (A-4 size)
- 7) Report on the Award of the Preliminary Scheme by the Arbitrator

The Original plots are the original holdings of the land-owners whose lands are included in the scheme as they exist on the date of declaration of the intention to make a scheme under section 60 (1) of the said Act. The Final Plots are the reconstituted plots allotted to the land owners in lieu of their original plots and further to the SPA, NAINA designated for social and service infrastructure and for IDP & scheme roads in the preliminary scheme.

The Preliminary NAINA Town Planning Scheme no. 5 has been drawn up accordingly under sub-section (7) of Section 72 of the said Act on 30th November 2023. The notices in English and in Marathi regarding drawing-up of this preliminary scheme have been published in the Extra-Ordinary Gazette no.99, in Part II; dated 1st December 2023(Annx-11).

The original time limit of nine months from the appointment of the Arbitrator has expired on 01/09/2023. The Arbitrator has already applied to the State Government to grant three months' extension as provided under sub-section (3) of Section 72 of the said Act vide his letter bearing no. लवाद/न.र.यो.-५/सर्वसाधारण/२०२३/७३९ dated 01/08/2023. The extended time limit of three months as requested shall expire on 01/12/2023.

The Final Scheme containing the financial part as per section 72 (6) of the Act will be drawn up separately within the prescribed time limit in due course after getting sanction to this preliminary scheme under section 86 (1) of the Act. Hence, details in Form No. 1 & Form no. 2 prescribed under the Maharashtra Town Planning

Schemes Rules, 1974 regarding compensation, contribution, cost of the scheme etc. are therefore not part of this Preliminary Scheme.

After the award of the Preliminary Scheme is drawn up on 30th November 2023 as provided under section 72 (7) of the said Act, the Scheme Plans and Report along with all the particulars specified in Rule 6 of the said Schemes Rules, 1974 and as given above have been published in the office of the Arbitrator and of NAINA as required under Rule 13(9). The notices in English and in Marathi have been published in the Maharashtra Govt. Gazette, Extra-Ordinary, Part II, dated 01/12/2023(Annx-11) as required under Rule 13 (9) that the Preliminary Scheme no. 5 has been drawn up. These notices have also been published in the local Newspapers, Free press journal and Ramprahar dated 08/12/2023(Annx-12).

The Preliminary NAINA Town Planning Scheme no. 5 is thereafter submitted by the Arbitrator to the State Government as provided under sub-section (5) of the Section 72 of the said Act for sanction on 13th December 2023 vide his letter bearing no. ARB/TPS-5/Pre-Sub/2023/834; dated 13/12/2023.

PRELIMINARY SCHEME

8. General / Common Decisions

The following General/Common decisions shall hold good and shall be applicable within the area of the NAINA Town Planning Scheme No. 5.

- 1) All the Final Plots have been defined and decided and as settled by the Arbitrator vide sub-section 4 of section 72 of the Maharashtra Regional and Town Planning Act, 1966 and they are as shown on the plans no. 3 & 4 in Red colour and as detailed in Table B of the Preliminary Scheme in force. They are demarcated on ground and their areas are decided on the basis of actual measurements on land.
- The Ownerships along with their shares and the areas of Final Plots allotted in lieu of Original Plots or allotted to the SPA, NAINA shall be as recorded in the Table B. These Final Plots shall be referred to in future with their respective Final Plot Numbers mentioned on the plans no. 3 and 4 as well as in Table B of the Preliminary Scheme in force. Further, where shares in the ownerships are not specifically mentioned, such shares in respect of co-ownerships shall be considered as equal, unless noted otherwise in the remarks column of Table B
- The Tenures, Ownerships and other rights, if any, in respect of Original Plots, unless otherwise extinguished or specifically mentioned in the decisions, shall have been hereby transferred mutatis mutandis to the corresponding Final Plots. Section 101 of MR and TP Act 1966 empowers Arbitrator to transfer rights from Original Plot to reconstituted plot. The proviso to this specifically bars transfer of agricultural lease from OP to FP if there is no consent of all parties to such lease. None of the agricultural tenants in OPs of TP Scheme NAINA 5 have presented consent of all parties to lease. Therefore as per the proviso to section 101 of the act these rights are not transferred. So these rights are not capable of being transferred in absence of consent of all parties to lease; hence stand extinguished.

- 4) The Tenure as Class I or Class II mentioned in respect of any Final Plot in the Table B is on the basis of that recorded by the Revenue Department in the respective 7/12 extract. This Tenure shall stand changed automatically after new tenure is attached subsequently to any Final Plot by the Competent Revenue Officer after following due procedure.
- 5) All rights of mortgagors and mortgagees, if any, existing in the Original Plots are hereby transferred proportionately to the corresponding Final Plots.
- 6) All rights of lessors and lessees, if any, in the Original Plots are hereby transferred to the corresponding Final Plots subject to the adjustments in lease rents in proportion with the changes made in their areas.
- 7) The lands for which no final plot numbers are allotted shall vest free of all encumbrances in the Special Planning Authority, NAINA (CIDCO) (which are generally the lands under roads/accesses/lakes/nallas etc.).
- 8) All the rights of passages, right of ways / accesses or of easements, or any right to draw water from any well exists in any original plot if any, existing prior to the date of enforcement of the Preliminary Scheme over any lands / Original Plots included in the Scheme shall hereby stand extinguished. Passages/Accesses to allotted final plots shall be derived only through the Roads provided & constructed in accordance with the Scheme layout in force.
- 9) The owners of the authorized structures in the Original Plots which are affected by new roads or by the road widening or by other Scheme proposals for which no compensation has been specifically allowed in the Scheme are permitted to remove the materials, if any, of the structures or of compound walls, wire fencing, sheds, huts or of any other structures etc. within six month from the date on which the final scheme comes into force provided that they shall fill up at their own cost any hollows created or repair the damages made during such removal of the materials.
- 10) Where any authorized existing compound walls or wire fencings etc. along the boundary of the Original Plots which are affected by the reconstitution of Final Plots or by proposed road widening or by new roads or by any other Scheme proposals and where no compensation for the above has specifically been allowed

in the Scheme and in such cases, the materials of such compound walls or of wire fencings are not removed by the concerned owners, then the Special Planning Authority, NAINA (CIDCO) shall demolish and remove the affected compound walls or wire fencings at its own cost. If the owners who are allowed to remove the structures and take away the materials, fail to do so within the specified period or within the period extended by the SPA, the Special Planning Authority, NAINA (CIDCO) shall remove the structures and take away the materials. In such cases, the material so removed shall belong to the Special Planning Authority, NAINA (CIDCO).

- The structures/Chawls those are constructed without obtaining due permission shall be removed by the SPA, NAINA (CIDCO) within a reasonable period and the families dishoused or become homeless shall be rehabilitated in the FP no.127 in accordance with the normal policy of the Special Planning Authority, NAINA.
- 12) No trees shall be cut down nor any excavation / development shall be carried out by the owner/s within the portion of their Original Plots which are reconstituted to form the Final Plots not allotted to them.
- 13) The Final Plots allotted for public purposes in the Scheme shall vest in the Special Planning Authority, NAINA (CIDCO) free from all encumbrances w.e.f. the date on which the Preliminary Scheme comes into force. The Special Planning Authority, NAINA (CIDCO) shall keep all such public sites free of any encroachments and exclusively use for the purposes designated in the scheme.
- 14) The Amenity Plots/Open Spaces provided in the scheme shall be utilised primarily for the benefits of the residents of the scheme.
- 15) The plots provided for the Amenities shall be utilised only for the social infrastructure primarily beneficial to the residents of the scheme such as local level Educational & Medical facilities, Shopping Centres, retail Markets, Convenience Shopping, Recreation, Parking facilities, Utilities such as Water Supply, Sanitation, drainage & Electric Supply, Communication etc. The Vice Chairman & Managing Director, CIDCO is authorized to add any user of public nature and utilise any amenity plot for such user which is beneficial to the scheme residents.

- 16) Unless otherwise specified wherever there are two or more owners shown against any serial number in the Table No. B, the net demand under column no. 15 of Form No. 1 in the Final Scheme shall be shared by such persons either in proportion of their shares held in the property or in proportion of the areas held by them in the respective Final Plots.
- 17) Where a Final Plot wholly or partly is sold out or laid out into sub-plots and such sub-plots are sold by the owner/s before making payment of incremental contribution to the Special Planning Authority, NAINA (CIDCO) levied to such Final Plot, the purchasers / new owners / successors shall be liable for payment of such incremental contribution levied on such Final Plot in proportion of the areas held by new owners. In case of any dispute in this regard, the decision of the Vice Chairman & Managing Director, CIDCO is final and conclusive and shall remain binding on the respective new owners.
- Development in a Final Plot shall be permitted only after payment of net demand mentioned in column 15 of the Form No.1 of the Final Scheme. This payment of net demand is in addition to development charges prescribed under chapter VI-A of the Maharashtra Regional & Town Planning Act, 1966. The development fund in the form of incremental contribution collected by the Special Planning Authority, NAINA (CIDCO) from the owners of the Final Plots shall be deposited in a separate account and shall be utilised for the development of the scheme and to carry out works stipulated in the scheme.
- 19) As per provisions of section 72(4) the Arbitrator shall determine the period for completion of works provided in the scheme by the appropriate authority.
- 20) Provision of infrastructure as listed in sub-clauses (ii-b), (ii-e), (ii-f) & (ii-g) of subsection (1) of section 59 of the act is considered absolutely necessary for the scheme. These lands have already vested in the SPA NAINA after the sanction of draft scheme u/s 68(2). [Please refer section 68A of the Act]
- 21) The SPA NAINA shall complete the above listed works in the scheme within a period of five years from the date of coming into force of the preliminary scheme.
- 22) The Special Planning Authority, NAINA (CIDCO) shall transfer and hand over the possessions of all the final plots to the owners to whom they are allotted as

mentioned in Table B of the Preliminary Scheme within twelve months from the date of enforcement of the said Scheme.

- The Special Planning Authority, NAINA (CIDCO) shall, within three months from the enforcement of the Preliminary Scheme, forward certified true copy of the Scheme to the concerned Land record Department and get the record of lands changed in accordance with Table B of the sanctioned Preliminary Scheme as provided under Rule 18 of the Maharashtra Town Planning Schemes Rules, 1974.
- Special Planning Authority, NAINA (CIDCO) shall, within three months from the date of enforcement of the Preliminary Scheme inform the owners of the Final Plots by means of a public notice that on application, they are entitled to get a Certificate of Tenure and Title in respect of their final plots from the Director of Town Planning, Pune in form 7 as provided under rule no. 26 (2) of the Maharashtra Town Planning Schemes Rules, 1974.
- 25) The SPA/NAINA (CIDCO) shall immediately fence all the public sites which will be vesting in it under this scheme so as to avoid probable encroachments.
- 26) The Special Planning Authority, NAINA, CIDCO shall develop Gardens, Parks, Play-Grounds and Open Spaces provided in the scheme within a period of five years from the date of enforcement of the Preliminary Scheme. The priority in this respect shall be decided by the SPA considering the pace of development and need of the facility to the scheme residents.
- 27) The Special Planning Authority, NAINA, CIDCO shall lease out final plots provided for schools/Educational Purpose to the renowned & registered educational trusts to erect & impart educational facilities as desired by the SPA, NAINA within the reasonable time frame considering the need of the local and surrounding population.
- 28) The FPs provided for housing for EWS/LIG shall be developed by the Special Planning Authority, NAINA (CIDCO) within a reasonable time frame considering the need of the facility under its social housing programme.
- 29) The SPA, NAINA shall sell FPs provided as sale plots under clause (ii) (D) of the section 64 (g-1) of the MT & TP Act, 1966 in the scheme in the open market for

any use including IT/ITES establishments but excepting industrial use for raising the funds to meet the cost of infrastructure of the Scheme

- 30) The Growth Centres as proposed in the IDP and accordingly have been incorporated in the Scheme shall be developed by the Special Planning Authority, NAINA, CIDCO as per its programme of implementation of the Growth Centres as a whole.
- The Crematoria exist in the scheme, being used by the villagers, have been maintained in the scheme with 40% of their area. All of them have been provided with adjoining amenity plots for their expansion. These crematoria lie close to the Gaothan expansion which may affect the potential for the development of residential or commercial plots. Also, on request of Villagers, a separate plot for Burial/Crematorium is provided on FP- 247B close to water channel away from settlements. So, the existing use of Crematoria may be discouraged based on the demand from Villagers.
- 32) The FPs under Government Forest at various locations in the scheme do not have any tree cover except sporadic shrubs. However, these lands may act as air-lungs in the scheme area. The SPA, NAINA shall, with the prior permission of the Forest Department, develop these FPs for social forestry / afforestation.
- The SPA, NAINA shall coordinate all the roads which are running further through the areas of adjoining TP schemes as well as the part reservations or public sites provided on the boundary of this scheme with the sites to be provided in such adjoining schemes.
- In case, the SPA, NAINA, CIDCO is unable to complete the works within the time limits prescribed by the Arbitrator, then the SPA, NAINA, CIDCO shall approach the State Government under section 111 (1) of the MR & TP Act, 1966 to seek extension in this respect.

NAINA TOWN PLANNING SCHEME, NO. 5

(At part of villages Bonshet, Bhokarpada (Chipale), Devad, Moho, Shivkar, Vichumbe, Vihighar)

PRELIMINARY SCHEME

9. SPECIAL DEVELOPMENT CONTROL AND PROMOTION REGULATIONS

In addition to the Development Control and Promotion Regulations, which are made applicable to the 23 Revenue villages of NAINA under directives given by Government vide no. TPS-1717/2750/ C.R.91/19/UD-12, dated 6/1/2020 (hereinafter called as 'DCPR-2019 as amended from time to time') under section 37(1AA) read with section 154 of the Maharashtra Regional and Town Planning Act, 1966, the following special Regulations shall also apply to the development of any sort to be carried out in the final plots of the NAINA Town Planning Scheme No. 5

In case of any conflict between the regulations in DCPR-2019 and these special regulations prescribed below arises, then these special regulations shall prevail.

1) The Final Plots allotted to the owners in lieu of their Original Plots shall be considered as included in the Predominantly Residential Zone of the sanctioned Interim Development Plan / Development Plan and shall be eligible for development for uses prescribed in Regulation No. 31 of the Sanctioned DCPRs of NAINA.

Provided that, the final plots fronting on roads having width of 12 m or more and admeasuring at least 0.20 ha in area shall be permissible for development either under regulations of predominantly residential zone or under mixed use zone of the sanctioned DCPR irrespective of the actual zonal boundaries of the IDP.

2) Boundaries of the Final Plots shall not be hereinafter changed, modified or altered during any development.

- 3) Amalgamation of two or more Final plots shall not be permitted to form a new Final Plot. However, integrated development in two or more adjoining Final Plots whether within the scheme or of adjacent schemes shall be permitted considering sum of their areas as one unit for development.
- 4) Temporary / short term development proposals on any ground shall not be permitted within the portions of original plots which are merged during the reconstitution to form Final Plots not allotted to the holders / owners of such original plots.
- 5) Development Permission in a Final Plot shall be granted only after ascertaining that the amount mentioned in column 15 of Form No. 1 of the Final Scheme under Rule No. 6(v) of the Maharashtra Town Planning Schemes Rules, 1974 is fully recovered. However, the Special Planning Authority, NAINA (CIDCO) may allow such amount to be recovered in suitable installments within a period upto the issuance of Occupancy Certificate. This amount is in addition to the Development Charges prescribed under chapter VI-A of the Maharashtra Regional and Town planning Act, 1966.
- 6) Internal sub-division / partition of a Final Plot shall be permissible subject to strictly adhering to the boundaries of respective Final Plot and subject to DCPRs of NAINA.
- 7) The 10 % Recreational Open Space prescribed under regulation No. 20.3.1 of the DCPRs of NAINA shall not be enforced in developing Final Plot, admeasuring 0.40 ha or more, considering that such Open Spaces are already provided in the form of playgrounds and open spaces in the scheme in addition to those reserved in the Interim Development Plan for which owners of the final plots have shared their lands from their original plots.

The regulation no. 20.3 of sanctioned DCPR of NAINA shall be deemed to have been suspended u/s 70 of the said act.

8) The 5 % Amenity Space prescribed under regulation No. 20.3.11 of the sanctioned DCPRs of NAINA shall not be enforced in developing Final Plots admeasuring 2.00 ha or more considering that such Amenity Spaces are provided separately in the

scheme in addition to those reserved in the Interim Development Plan for which owners of the original plots have shared their lands.

The regulation no. 20.3 of sanctioned DCPR of NAINA shall be deemed to have been suspended u/s 70 of the said act.

9) The provision of 20 % plots/tenements for EWS / LIG as inclusive housing prescribed under Regulation No. 20.6 of the DCPR-2019 read with Annexure-4 shall not be made applicable for a sub-division or layout of a Final Plot as the Scheme provides EWS / LIG housing for which the owners of final plots have shared the lands from their original plots.

Notes:-

- i. The regulations at serial number 7, 8 and 9 above shall not be applicable for Final Plots having area more than 50% of the original plots. For such plots the provisions of sanctioned DCPRs of NAINA in force shall be applicable.
- ii. In cases wherein CC is already granted (before declaration of TPS), if the final plot is given by reducing land area under Recreational Open Space (RG), Amenity & layout road, then while processing Amended CC or OC of such final plots, land area as per CC for such Open Space, Amenity may not be insisted. However, location & land area of remaining Open Space & Amenity inside the final plot shall be maintained as per CC.
- 10) The owners of Final Plots are entitled to monetary compensation as recorded in form No. 1 of the Final Scheme as per Rule 6 (v) of the Maharashtra Town Planning Schemes Rules, 1974. However, the owners may opt for FSI or TDR in lieu of monetary compensation as provided under section 100 of the Maharashtra Regional and Town Planning Act, 1966. Such Compensation partially in terms of FSI / TDR and partially in amount shall not be permissible.
- 11) The base FSI applicable to the lands included Final Plots allotted under the Town Planning Scheme shall be 1.00. However, if the owners of Final Plots opt compensation in the form of FSI as provided under section 100 of the Act, then the FSI permissible in a Final Plot shall be computed as below.

	Area of Original Plot
FSI of Final Plot = _	
	Area of respective Final Plot*

*Where Final Plot means plot allotted finally in lieu of its Original Plot.

Provided that such FSI computed as above shall be permissible to only those who have opted to avail the compensation in terms of FSI instead of monetary compensation worked out in Form No. 1 of the Final Scheme.

The land parcels eligible for 1.00 FSI as per provisions of sanctioned DCPRs of NAINA (i.e. within 200 m of Gaothan), if included in TPS shall be permitted 25 % additional incentive FSI in lieu of their 60 % land contribution to the project. The FSI of the final plot (whether anchored at its original location or otherwise) against such land parcels shall be increased in proportion to its area, irrespective of whether the final plot is a standalone plot or amalgamated with other land parcels.

- 12) The permissible FSI in respect of Final Plots, whose owners accept monetary compensation as per the award in Form No. 1 of the Final Scheme prescribed under Rule No. 6(v) of the Maharashtra Town Planning Schemes Rules, 1974 shall be 1.00.
- 13) If the FSI mentioned in the Special Regulation No. 11 above permissible in a Final Plot becomes inconsumable for constraints in maintaining prescribed marginal distances / height restrictions / firefighting requirements or any such statutory restriction, in such cases, the balance FSI over and above FSI consumed may be permitted to be transferred as TDR to any Final Plot situated in scheme subject to
- i) The provisions of Regulation No. 43 of the sanctioned DCPR of NAINA shall be applicable.
- ii) Such transfer of development right from a Final Plot to another Final Plot situated in the adjoining sanctioned preliminary scheme shall be permitted once only and only with prior approval of the Managing Director of the CIDCO and upon his satisfaction that the concerned owner is unable to transfer his development right within the scheme where the TDR has generated.
- iii) The aggregate FSI in a receiving Final Plot shall not exceed 4.00

- iv) The owner transferring the FSI as TDR shall not develop his Final Plot at any time to consume FSI more than that already consumed at the time of issuing the DRC.
- v) The Final Plot, after such transfer, shall not be eligible for any additional FSI / TDR in future.
- vi) The owner of such Final Plot shall not ask for monetary compensation for balance FSI if any after partially transferring the FSI received in lieu of monetary compensation as TDR.
- 14) The permissible FSI in respect of Final Plots designated to Amenity Plots or to Schools, Primary Health Centre shall be 2.5.
- 15) The permissible FSI in respect of Final Plots designated to Electric Sub-Station, Daily Bazaar, ESR/GSR, Burial Ground and Crematorium in this scheme shall be 1.00.
- 16) The permissible FSI in respect of Final Plots designated to EWS/LIG Housing or Housing of the Dispossessed Persons or Final Plots reserved as sale plots in this scheme shall be 4.
- 17) The permissible FSI in respect of Final Plots designated to Growth Centers in this scheme shall be 2.5.

Provided that the aforesaid FSI may be increased maximum up to 4.00 on payment of FSI Linked premium (FLP) for over and above 2.5 FSI as prescribed in the sanctioned DCPRs of NAINA for every increase of FSI of 0.30.

No TDR shall be permissible on Growth Center plots.

- 18) The permissible FSI in respect of Final Plots designated to Schools, College, Education Purpose, Fire Station, Police Station, Community Centre, Hospital, Primary Health Centre and Town Hall shall be 2.5.
- 19) The Final Plots designated as Open Spaces, Parks or Play-Grounds are permissible to built-up area equal to 15 % of the respective final plot area subject to ground coverage up to 10 % of the respective plot and structures shall be only of ground floor or ground plus one upper floor. Such structures shall be at one corner of

respective final plot and shall be used for any use complementary to the designated use.

Provided that area of such plots shall not be less than 1000 sq. m.

20) The set-backs from the roads and the side/ rear marginal distances from the boundary of the plot in respect of all structures shall be as follows: -

Front, Side and Rear Marginal Distances

- a) Irrespective of height and length of the buildings, the marginal open spaces more than 12.0 M shall not be insisted upon. Long length factor for buildings above 40-meter length shall not be applicable.
- b) The provision of dead wall mentioned in sanctioned DCPRs of NAINA shall be applicable
- c) For special building use No projections of any sort shall be permissible in the side and rear marginal open spaces mentioned above.
- d) Provided that projections required for firefighting and chajja or weather shed up to 0.75 m over openings shall be permitted after clearance from CFO, CIDCO along with the minimum height at which it is to be provided.
- e) Provision of front open spaces shall be in accordance with sanctioned DCPRs of NAINA. However, Front open space for residential use and predominantly residential use (in case of mixed use) buildings of height more than 15m up to 24 m shall be 4.5m and for above 24 m building height front open space shall be 6.0 m.
- f) The building height for the purposes of light and ventilation regulation and for calculating the marginal distances shall be exclusive of height of parking floors. In case of part parking floor such provision shall be applicable only to the part where parking is provided.
- 21) Mechanical/Hydraulic / Stack parking / multistoried parking with or without car lift may be allowed to meet the requirement.
- 22) If the basement is proposed flushing to average surrounding ground level, then such basement can be extended in side and rear margins upto 1.5 m. from the plot boundary and beyond the building lines at ground level subject to a clear minimum front margin of 4.5 m and further subject to non-habitable uses and provision for mechanical ventilation and all safety provisions and drainage. However, it is essential that the basement top slab below the external circulation at ground level should be designed for firefighting vehicular loads as per NBC 2016

- Provided that the above provision shall be permissible after the clearance from the Chief Fire Officer, CIDCO.
- 23) Every building or group of buildings together shall be either connected to a Drainage system or be provided with sub-soil dispersion system in the form of septic tank of suitable size and technical specifications, modern methods of disposals, shall be permitted at the discretion of the Authority.
- 24) The service road of the State highways, national highways and Multi Modal Corridor (MMC) shall be considered for the access to the plot.
 - Further the plots along the other categorized roads such as Major District roads/ Village roads shall be directly accessible from these roads.
 - In both the cases for final plots in Town Planning scheme Ribbon development rules shall not be applicable.
- 25) The distance between two main buildings in a final plot shall be that required to be provided for a taller building amongst them subject to 12.0 m as maximum. This distance shall also be treated as means of access / driveway and no separate setback / marginal distances shall be insisted from such driveway, subject to minimum 6m driveway.
- 26)Construction within River and blue line: Construction within River and Blue line may be permitted at a height of 0.60 m. above red flood line level.

 Provided that necessary mitigation measures are followed along with clearance from Irrigation department.
- 27) Grant of Development Permission does not constitute acceptance of correctness, confirmation, approval or endorsement of and shall not bind or render the competent authority liable in any way in regard to;
 - a. Title Ownership & easement right of the plot on which building is proposed.
 - b. Workmanship, soundness of material & structure safety of building.
 - c. Variation in area from recorded areas of building unit.
 - d. Location & boundary of building unit.
 - e. Safety of the user of the building.
 - f. NOC from appropriate authority.
 - g. Structural reports and Structural drawing.

- 28) For any other earlier approved proposal like ITP, Rental Scheme etc. the regulations applicable under that scheme shall be applicable to such plots.
- 29) Removal of Difficulties and Hardships

If any difficulty arises in giving effect to the sanctioned preliminary or final scheme the VC&MD (CIDCO) may

- a) Remove any discrepancy in the boundary of original or of final plot
- b) Correct the area in the record as per the actual measurement on site of any original plot or final plot
- c) Adjust the shape of original or of final plot and accordingly correct the area as per actual demarcation on site

ORDER

Ref: - Chief Planner (NAINA) CIDCO letter No.CIDCO/NAINA/ CP/ TPS /Ext./ 2020/ 37/ SAP-1036, dt.07/02/2020.

No.TPS No.5/NAINA/Sect 61(3)/Time-limit Extension/JDTP-KDN/2059 Date: 04/03/2020

Whereas, City and Industrial Development Corporation of Maharashtra Limited (CIDCO) (hereinafter referred to as the said "Special Planning Authority) has declared its intention to make Town Planning Scheme No.5 (hereinafter referred to as the "said draft scheme") vide Resolution No.12189 dated 07/06/2019 and published a notice of declaration of the said draft Scheme vide its Notice dated 26/06/2019 under section 60(2) of the Maharashtra Regional & Town Planning Act, 1966 (hereinafter referred to as "the said Act");

And whereas in accordance with the provision of sub-section (2) and (3) of section 61 of the said Act, the said draft scheme is to be published by means of notice within a period of nine months from the date of the declaration of intention or within such further period as may be extended by the State Government, but such extended period not to exceed more than three months:

And whereas the said Special Planning Authority has requested Government in Urban Development Department to extend the period of three months of making and publication of the said Draft Scheme under section 61(3) of the said Act, alongwith the resolution no.12275 dated 10/01/2020 vide its letter No.1036 dt.07/02/2020;

And whereas the Government in Urban Development Department vide Notification No.TPS-1813/3211/CR 508/UD-13 dated 01/12/2016 has delegated power to extend the period under section 61(3) of the said Act to the Joint Director of Town Planning of respective divisions.

And whereas after considering the reasons mentioned by the Special Planning Authority, the Joint Director of Town Planning, Konkan Division is of the opinion that, it is expedient to extend the period for the making and publication of Draft Scheme under section 61(3) of the said Act upto and inclusive of date 24/06/2020.

Now therefore in exercise of the powers delegated to him under above Government Notification dated 01/12/2016, the Joint Director of Town Planning, Konkan Division, Navi Mumbai is pleased to extend the period of making and publication of the said Draft Scheme under sub-section (3) of section 61 of the said Act upto and inclusive of dt.24/06/2020.
