|         |                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                             |                                 |         |                |

**Note:** 1)The user to ascertain quality of product before acceptance, capacity of vendor for supply schedule, to carry out all tests as per relevant IS codes, past & present supply performance of various contractors in Mumbai & Navi Mumbai. Inclusion in the approved list does not absolve the users from acceptance of bad quality of product.  
2) For Steel reinforcement, Please refer circular CIDCO/SE(HQ)/EE(NM)/CIR/2018/31 dated 31-12-2018.  
3)These materials shall be included in all future tenders and present ongoing works. Also the feedback on performance of the product is essentially expected from Executive Engineers.

**Executive Engineer  
(PA & Registration)**
